

Volunteer Procedure 2019-20

The new version of Raptor will enhance and standardize the volunteer process across all District 47 schools. Parents or guardians who wish to volunteer at their child's school will now be required to complete a brief online application and undergo a background check. Once the background check is complete and the application has been approved, a confirmation email will be sent. Information about the new volunteer process, including a link to the application, can be found on D47 websites under the Parents & Students tab (see "[Volunteer](#)"). Volunteer applications will need to be filled out for field trip chaperoning, tutoring/mentoring, PTO/PTA fundraisers, classroom assistance and other opportunities. Attached are some Frequently Asked Questions (FAQs) to help explain our new volunteer procedure in more detail.
