

Are you looking for a high quality preschool where your child can grow and learn while developing a greater sense of empathy and compassion? Does your child desire to be a part of group activities and demonstrate age-appropriate behaviors? We are looking for outgoing 3.5 and 4 year old children to be a part of our Neighborhood Buddy Program at Lakeview! Applications are being accepted to be a part of our Inclusive Special Education Classrooms. In this structured teaching environment, children with special needs and typically developing peers learn together in a classroom that is taught by a credentialed Special Education teacher with specific training in early childhood education. Buddies will attend Tuesday/Thursdays between the hours of 9:30am-1:30pm. If you are interested and would like more information, information sheets can be found in the office, or by contacting Jade Hampton at [jhampton@pylusd.org](mailto:jhampton@pylusd.org).
