## THIS WEEK'S HEADLINES

### Grandparents' Day

On Friday, August 30, Sango will be hosting its annual Grandparents' Day. This is always such an exciting and much- anticipated event by students and staff at Sango. Grandparents may visit the Book Fair, stop by the photo booth, and enjoy cookies and lemonade. Because of the size of our school, we are going to offer two different times this year. If your child is in K-2, the festivities are from 12:15-1:15. If your child is in grades 3-5, those grandparents may come from 1:30-2:30.

We understand that there are many who have grandchildren in multiple grades. If this is the case, please feel free to select whichever time works best. If you wish for your child to participate, please be sure the correct form has been returned to your child's teacher. For security purposes, we must have this form, which grants your permission for your child to participate and/or be dismissed from school with the grandparent. We are blessed to be a part of this special memory-making event for your child.

## COMING SOON

YOU  
ARE THE  
PTO

As you have seen, Sango is hosting Grandparents' Day on Friday. This is one of the many events sponsored by Sango's PTO. Your \$10 donation, or dues, are completely retained by the school and are used for such events as Donuts with Dad, Cookies with Santa, appreciation lunches for the teachers and staff, Trunk or Treat, and so many more. Please consider joining the PTO to support these important and exciting events. Without your help, we have to limit the number of projects in which we can participate.

JOIN THE PTO

## TECHNOLOGY INFORMATION AND INTERNET SECURITY TRAINING

Throughout the past few years, CMCSS has worked to provide 1:1 laptop computers for students in high school, then middle school. Last year, they included 5th graders and have, this year, expanded 1:1 laptops to 4th graders as well. This is such a great opportunity to support all of our students as we work, even at the elementary level, to become college and career ready. With that being said, the district has also provided additional technology to improve the saturation rate for the remainder of students, increasing the number of computers available to them as well.

With increased technology comes the increased need for security and training. CMCSS will provide Internet security and appropriate use training for all students beginning September 3. If you would like to view the topics covered by the training, you may visit the CMCSS website and click Internet Safety on the Parent tab.
