### AI Parent Workshop, January 30th, 2025:

Join us for a rescheduled Parent University on the topic of Artificial Intelligence presented by Eric Santos. This session is an educational opportunity to learn about AI tools and their implications, designed to inform and empower our community with knowledge about this rapidly evolving technology. Please note that this webinar is not a promotion of AI tools nor a statement of practices or policies by any of the sponsoring school districts. Instead, it is an informational session to help participants better understand AI's role in education and daily life. We look forward to connecting with you at this FREE, VIRTUAL event on January 30th for this engaging and informative discussion.

This *Parent University* is sponsored in partnership with the Lake Park Elementary Feeder Districts and Lake Park High School.
