Q Review/Submit	Online Registration is a self-guided process. Mandatory fields will be indicated by a red * and will prevent a parent from moving forward until completed. Information provided by the parent or guardian should match legal documentation. Once all information is complete you will be	
	given the opportunity to review and submit your registration. This process is required for both new and re-enrolling students submitting updates for annual verification. We ask that you please give the school up to 2 weeks to process the forms. Should you have any questions in the meantime, you can contact your student's school for more information.
