Class Spotlight

Ms. Moylan's 4th Grade Class

In Ms. Moylan's 4th grade class, students recently completed a fun and challenging assignment that required teamwork, critical thinking, and creativity. Each student read a clue about an invention, identifying key details to figure out what it was. They then found their group members, who had related clues, and worked together to identify the invention. Afterwards, they created a name card and slogan for it. The project showcased the power of collaboration, as the students learned that teamwork leads to success.
