

Dear Families,

Do you remember the moment you first got excited about a hobby or a job? We want to spark that same curiosity in our students! We are excited to announce that Del Rio will be hosting our annual Career Day on Monday, April 20th 2026. To make this day a success, we need you.

We are looking for EVERYONE! Our goal is to show our students that the world is full of endless possibilities. We aren't just looking for "traditional" or office jobs—we want to showcase a true diversity of paths. Whether you:

- Work in a trade (plumbing, electrical, construction)
- Are an artist, musician, or creator
- Work in healthcare or public service
- Run your own small business or side-hustle
- Work in tech, science, or agriculture
- Have a unique role we might not even know exists!

No matter your background or how you got to where you are today, your journey is valuable. Our students benefit from seeing a wide representation of cultures, career lengths, and life experiences.

Event Details

- When: Monday, April 20th from 8:45 - 11:00am
- Where: Del Rio elementary school classrooms
- Format: Short, 15 minute presentations (including time for Q&A), with different grade levels rotating in to listen. Simple props, tools of the trade, or "uniforms" are highly encouraged to keep the kids engaged!

How to Sign Up:

If you are interested in sharing or would like more information, please simply email natalie.kutches@oside.us or call 760-901-7346 and leave me a voicemail.

Thank you for helping us broaden our students' horizons and show them just how many bright futures are waiting for them.

Warmly,

Natalie Kutches

School Counselor
Del Rio Elementary
