March 18, 2020

Dear Massapequa Families,

In these unprecedented circumstances, most importantly we hope you and your families are healthy and safe. As you have been informed, the Massapequa School District is closed at this point, through April 1st.

In an effort to maintain continuity of instruction, and to provide our students with the opportunity to interact with their teachers, the District is initiating plans for alternative learning opportunities. Beginning tomorrow afternoon, Thursday, March 19th, parents and students will have access to learning activities delineated by grade on the elementary level and by course on the secondary level through the district website. You will receive an email when the activities are posted. Teachers are preparing to then initiate learning activities on Monday, March 23rd. Platforms for engagement with students (and parents) include, but are not limited to: Email, PowerSchool Learning Haiku, Google-Suite, etc. To the best of their abilities, teachers will respond to questions and concerns "in a timely fashion." The mutual respect and understanding between and among our teachers and families is what we are all leaning on in these trying times.

Our Guidance Department has created a wonderful resource, entitled "[Chiefs 2 College](#)." This will be an on-going support for students and their families going through the college planning process.

Additionally, please click here for a [letter](#) from our Elementary School social workers, which provides meaningful support to our families.

Sincerely,

Massapequa School District Central Administration
