

## HAWK Headlines 9.04.24

This week flew by! Our learners are doing so many amazing things already! One thing I have noticed is how polite they are with their interaction with me. It is a pleasure to talk with them. One of our goals is to know our learners by name, strength, and need. Our awesome teachers are working hard to make that happen by differentiating instruction to meet learners' needs. I look forward to what this year will bring!
