Simplify Your Required Paperwork!

Now you can update your student information directly through the PowerSchool Parent Portal! Using a new feature called Forms, parents and guardians can make changes to their contact information and medical alerts, provide an absence notice in the event of a student absence, and submit other required paperwork. PowerSchool Parent Portal also gives you access to grades, assignments and attendance information, right from your phone or computer.

Log in to your PowerSchool Parent Portal Account to begin the process. If you need help setting up a Parent Portal account, contact your school's data manager.
