Monitor your child's academic progress, at your convenience.

PowerSchool Parent Portal gives you access to grades, assignments and attendance information, right from your phone or computer. Parents of middle and high school students may also securely receive report cards and review registration information for the upcoming school year.

The easiest way to get connected is to speak to your school's data manager, who can send you a personalized link.

Don't wait another day – Your child's future is too important.
