

## General Manager

Due to planned retirement, Alta Municipal Utilities, located in N.W. Iowa, is searching for a General Manager to oversee and manage the electric, water, and telecommunication utilities plus generation services. AMU has an annual budget of \$4 million operating budget and working on infrastructure replacement.

Successful applicants should have proven experience in all facets of Utility Operations Management, preferably with an Iowa Municipal Utility.

### Basic Responsibilities:

Under the administrative direction of the Alta Municipal Utilities Board of Trustees, this position is accountable for the management and oversight of all essential Utility operations activities. Responsible for developing, organizing, and directing assigned personnel in the operation of the Municipal Utility. Provide direct oversight and leadership in the development and implementation of policies and procedures to ensure the protection of Utility assets and to accomplish Utility goals and objectives. Ability to work within the regulatory compliance environment of the Iowa Utilities Board, Iowa Department of Revenue, US Department of Energy, FCC, IDNR, OSHA, etc. Familiarity with Drug and Alcohol Testing program (CDL) procedures. Ability to effectively control and manage emergency situations during storms and other abnormal conditions. Ability to effectively conduct cordial relationships with the public, contractors, City/Utility representatives and other individuals while presenting a professional image.

Alta Municipal Utilities is committed to providing an inclusive work environment and is an equal opportunity employer. Successful candidates will be subject to a pre-employment drug screen, physical, and background investigation.

Excellent wage and benefit package provided.
