Wastewater Treatment Plant Operator

Help ensure the safe and efficient operation of the Storm Lake Wastewater Treatment Plant. This is an excellent opportunity to begin a career in public utilities.

Job Responsibilities

- Assist with wastewater treatment operations
- Work with maintenance, electrical systems, and pumps
- Participate in hands-on training and skill development

Qualifications

- High school diploma or equivalent
- Ability to obtain wastewater certification within 1 year
- CDL Class B (or higher) required (or ability to obtain)
- Willingness to learn technical skills in plant operations
- Experience with electrical systems and pumps is a plus.
- Applicants with a Grade 1, 2, or 3 Wastewater Operator License are encouraged to apply.
