### Water Treatment Plant Operator

The City of Storm Lake is seeking a dedicated Water Treatment Plant Operator to support the safe and efficient operation of our Water Treatment Plant. This position performs a variety of semi-skilled and skilled tasks in water treatment, plant maintenance, troubleshooting, calculations, and work involving the Water Treatment Plant, Wells, and Distribution System.

#### Key Responsibilities

- Assist with daily operations of the Water Treatment Plant
- Perform maintenance and troubleshooting on equipment
- Complete operational calculations and documentation
- Support well operations and distribution system activities
- Receive hands-on training toward required certifications

#### Qualifications

- High school diploma or GED required
- Ability to obtain required Water Treatment certifications within 1 year
- CDL Class B (or higher) required (or ability to obtain)
- Preferred: Current Iowa Grade 1, 2, or 3 Water Treatment Operator License - Equivalent out-of-state certifications considered
