PUBLIC LAB LAUNCHES GULF SAT!

In order to protect life sustaining waters, a DIY satellite is being developed. Data will be collected from hurricanes to scan for oil sheen. This is part of the "one Sat for activist" program.

DIY SATELLITE DOWNLINK PROTOTYPED BY MULTIDISCIPLINARY TEAM; SIGNALS MIXED

SATURDAY'S TAKEAWAYS

- GABI'S up and coming Hacked cookbook poised to make Amy the pancake lady a famous chef
- FEAR struck as participants watched the whole world shaking through the eyes of a newly developed microscope
- SATELLITE dish grown from mushrooms

RUMORS SWIRL AROUND CONDEMNED DOCK

"LAST YEAR, IT WAS A SMALL YET ADEQUATE DOCK WHERE YOU COULD SIT AND WATCH THE SHRIMP SWIM," SAID GRETCHEN.

THIS YEAR, THE POPULAR DESTINATION IS CLOSED. ACCORDING TO LUMCON STAFF, THE CENTER WAS CLOSED 7 DAYS IN 2017 DUE TO SUNNY DAY FLOODING, WHICH RENDERED THE DOCK AND THE BIRD OBSERVATORY UNSAFE.

WHILE CURRENT PLANS CALL FOR ALL WOODEN STRUCTURES TO BE RE DONE, THEIR ABSENCE IS SCREAMY FELT. YET THE DOCK SITUATION HAS RAISED IMPORTANT QUESTIONS. "I CONSIDERED STEPPING ON IT LAST NIGHT," SAID WILL.

"IT STINKS. IT WAS THE BEST PLACE TO HANG OUT," SAID SCOTT.

Lounge Act Stuns Crowd: a review

FEW WILL FORGET THE MUSICAL STYLINGS OFFERED BY A TALENTED FIRST-TIME BARN RAISER. HIS RICH SIX-STRING HARMONIES ARE EVOCATIVE OF THE BEST OF THE 70'S FOLK SINGERS," SAYS KURT, "BUT RAMSEY BRINGS A CONTEMPORARY FLAVOR THAT IS PERFECT FOR THE SETTING." RAMSEY PLAYED ONE-NIGHT ONLY, AT A LIMITED ENGAGEMENT IN THE CAFETERIA. @pdhixenbaugh
