Gene Orlando

On the match

"Well it was tough conditions, starting off with a little rain delay and ending cold but that's part of Big Ten Tennis. Northwestern is a very good team so we were competitive but just weren't good enough today."

Arvid Swan

On the match

"It was another competitive, tough match against a quality Big Ten opponent in Michigan State. A team that we really have a lot of respect for, both the players and the coaching staff. Conditions were tough for both teams but it was a battle, really close. Doubles point, we were fortunate to get through it and I was pleased with the effort in singles. It was a really competitive match in singles and we had three guys really step up in singles to allow us to win the match."

Arvid Swan

On playing Wisconsin

"We're really excited to play Wisconsin again. We lost to them in the regular season. They are another great opponent, they've had a great year. For us it's a great opportunity to test ourselves against another quality team in the Big Ten so I'm excited to have the opportunity."
