Arvin Swan

On Northwestern's match today and overall season outlook

"We lost a close match. We have been top 25 all year, been as high as 7 in the country. We are one of the best teams in the country. [We are] excited to get into the postseason and make the final site. So we are ready to go."

Danny Westerman

On the match

"It was such a battle, such a close match. Two pretty even teams, same Big Ten records so we knew it was going to be a close match. I thought the difference was that we played to win at the end. We just stepped up, not that they did anything wrong, we went for it on big points, and it went our way in a couple important moments with Chase [Colton] and Osgar [O'Hoisin] at the end."

Danny Westerman

On Ohio State tomorrow

"They are very good, but we are excited. We had a great battle with them a couple weeks ago at their place. Our guys are excited. We are playing great tennis, we are playing our best tennis at the best time of the year."
