On the match

"Yeah I mean it was a very small margin, it was an extremely competitive match that really came down to the wire. I think we had 9 match points in the last two matches combined. At six singles we had four match points, at number two singles we had four or five match points so we win both of those matches and we're sitting here with a win. So I mean just one or two points that didn't go our way but we left it all out on the court and there's a lot to be proud of."

On the match

"Yeah it was a battle, it was super close all the way to the end. I expected it to be kind of close and it was. Indiana did a really good job of, the match started to get away from them a bit late in the second sets, and they came back and battled and credit to them."

On playing Ohio State

"Well we are going to have to play a little better than we did today in order to get Ohio State but we're going to look forward to it. Right now we're just going to enjoy it. Tonight we will get ready and talk about it and use that match to get us better."
