PURDUE UNIVERSITY

Boasting more than 392,100 living alumni, Purdue University graduates have been to the moon, to the highest levels of business and government, and to Sweden to receive the Nobel Prize.

The Indiana link in a nationwide chain of 68 land-grant colleges and universities, Purdue owes its origin to the Morrill Act signed by Abraham Lincoln in 1862 to promote establishment of schools to teach agriculture and the "mechanic arts."

An act of generosity by Lafayette businessman John Purdue secured the college for Lafayette. Purdue pledged money and land for the school. In return, the institution was named for him, and he remained a trustee until his death in 1876.

Classes began in 1874 with a total of 39 students and six faculty members. Since then, enrollment has grown to more than 69,000 on five campuses and a faculty and staff totaling more than 18,700. Some 39,102 students are enrolled at Purdue's main campus in West Lafayette, Ind.

Since its inception in 1869, Purdue has attained widespread fame for the quality of learning, research and engagement in a number of fields. Building upon historical strengths in engineering and agriculture, the West Lafayette campus currently offers 7,400 courses in more than 500 undergraduate majors and specializations in the colleges/schools of Agriculture; Consumer and Family Sciences; Education; Engineering; Liberal Arts; Management; Pharmacy, Nursing, and Health Sciences; Science; Technology; and Veterinary Medicine. Programs of graduate study and research leading to advanced degrees fall under the jurisdiction of the Graduate School.

Purdue is ranked 21st in the nation in the latest U.S. News & World Report top 50 public universities and, in 2004, was ranked 59th in the world and ninth among American public universities in a survey by The Times of London.

In addition to charting new paths through its instruction, Purdue also pushes back the frontiers of research, from unraveling the molecular structure of viruses to designing a self-supporting food system for space colonies to genetically engineering crops and plants for feeding an ever-increasing global population.

As one of the 25 largest colleges and universities in the United States, Purdue leaves its mark on the world – and beyond – on a daily basis. Long known as the "mother of astronauts," the University boasts 22 graduates –

France A. Córdoba

Purdue University President

20 men and two women – who have been selected to participate in the NASA space program. From the 1960s to today, from the Mercury Program to today's fleet of space shuttles, Purdue alumni have flown on more than one-third of all manned U.S. space flights. Neil Armstrong, the first person to walk on the moon, and Gene Cernan, the last person to leave it, both call Purdue alma mater. In addition to the astronauts, scores of scientists, engineers and other personnel who help support the space program have graduated from Purdue.

From the steam era to the space age, Purdue has forged a proud tradition of education, research and service to the state, the United States and the world – a tradition that gets stronger every day.

Purdue University Quick Facts

Location	West Lafayette, Indiana 47907

Enrollment.....	40,090
Acres	17,326 (14,428 for agriculture)
Buildings	383
Market Value of Endowment	\$1.3 billion
Living Alumni	More than 392,100
President.....	France A. Córdoba
Faculty Representatives	Jeffrey T. Bolin & Christie L. Sahley
Athletics Director	Morgan J. Burke
Nickname	Boilermakers
Colors	Old Gold and Black
Mascot.....	Boilermaker Special
Song	Hail! Purdue
National Affiliation	NCAA Division I
Conference	Big Ten

LAFAYETTE WEST LAFAYETTE

West Lafayette, the location of Purdue University's main campus, is the twin city of Lafayette, the county seat of Tippecanoe County. On the banks of the Wabash River, surrounded by rich, green farmlands, the cities are located 60 miles northwest of Indianapolis and 120 miles southeast of Chicago.

With a population of more than 150,000, Tippecanoe County is one of the largest communities in northwestern Indiana, accessible from Interstate 65; U.S. Highways 52 and 231; and State Roads 25, 26, 38 and 43. Major bus lines and Amtrak trains stop daily. The Purdue Airport opened in 1930 as the first university-owned airport in the nation.

Lafayette-West Lafayette is a regional hub for restaurants, shops, museums and entertainment. The community offers three movie theaters with 25 screens, daily and weekly newspapers, 12 radio stations, a television station and cable system, 150 churches of all major denominations, an art museum, a historical museum, 2,100 acres of public parks and more than 30 miles of trails.

Nearby points of historic and scenic interest include Fort Ouiatenon, on the National Register of Historic Places; Battle Ground, where William Henry Harrison fought the Battle of Tippecanoe; and the Museum at Prophetstown and Prophetstown State Park, dedicated to the preservation of Woodland Native American agricultural and environmental heritage.

Lafayette also is home to the Long Center for the Performing Arts, Clegg Botanical Garden and Columbian Park Zoo. Located on the eastern side of the Wabash River, Lafayette shares the 13-mile long Wabash Heritage Trail with West Lafayette. Nearby Battle Ground, located northwest of West Lafayette, boasts Wolf Park, where people can see live wolves, coyotes and foxes in their natural habitat.

Not only are there places to go in Lafayette-West Lafayette, but there also are plenty of things to do. The area serves as host to numerous community events throughout the year, including the Taste of Tippecanoe, 'Round the Fountain Art Fair, Dancing in the Streets, Global Fest, Feast of the Hunters' Moon, Christmas Parade, Gus Macker 3-on-3 Basketball Tournament, Colt World Series and Trails of Tippecanoe Bike Tour.

West Lafayette has experienced a recent renaissance of sorts in an area called "the levee," located just across the John T. Myers Pedestrian Bridge from Riehle Plaza and downtown Lafayette. More than \$100 million worth of construction has gone into developing Wabash Landing. The result is numerous restaurants, shops and apartments that have made the location a new focal point for locals and students alike.

A diverse mixture of night spots, shopping centers, art museums and restaurants give Lafayette-West Lafayette a distinct and unique flavor. Boasting the convenience of a modern city and friendly "down-home" residents, Lafayette-West Lafayette is one of America's most-livable communities.

INDIANA

THE CROSSROADS OF AMERICA

Indiana, "The Crossroads of America," has something for everyone. Whether you are in search of work, recreation or relaxation, the Hoosier State most likely will satisfy your needs.

Located in the heart of the Midwest, Indiana is welcoming to a variety of people because of its rich history, cultural opportunities and fertile landscape, not to mention its place as one of the major sports metropolises and industrial centers in the nation and world.

In the northwest corner of the state, one can traverse Indiana's 41-mile Lake Michigan waterfront. This area, which boasts the Indiana Dunes National Lakeshore, is good for work and play. It is home to industries that turn out iron, steel, oil, automobile parts and accessories, truck and bus bodies, aircraft engines and pharmaceuticals. Indiana gives to the world from factory to field. The state is a leader in agriculture, with corn as its main crop.

Beneath much of Indiana's rich soil is limestone. A large amount of the building limestone used in the U.S. is quarried in Indiana.

Those looking for a little adventure in Indiana can access more than 1.1 million acres of land available for outdoor recreation. Some of that land can be found in southern Indiana, where Wyandotte Cave, one of the largest caverns in the U.S., is located.

One can work and play in Indiana. But when it comes to sports spectating, Indiana is second to none. Everything starts in Indianapolis, home of the NFL Colts, NBA Pacers and WNBA Fever. The Indians, a Triple-A baseball team, play at Victory Field, while Indianapolis also is home to the Indiana Ice hockey team. During the summer, the city plays host to the Indianapolis Tennis Championships, a precursor to the U.S. Open. The summer starts with the Indianapolis 500, followed by the U.S. Grand Prix Formula One and draws to a close with the Brickyard 400, car races run at the Indianapolis Motor Speedway.

Indianapolis has hosted one women's basketball and five men's basketball NCAA Final Fours. The men's finals return in 2010 and the women in 2011. Additionally the city has conducted at least one Olympic Trials each year since 1984, including those for swimming and diving, synchronized swimming, track and field and wrestling.

Whatever your pleasure is, you are sure to find it somewhere in the state of Indiana.

PURDUE BOILERMAKERS

DISTINGUISHED ALUMNI

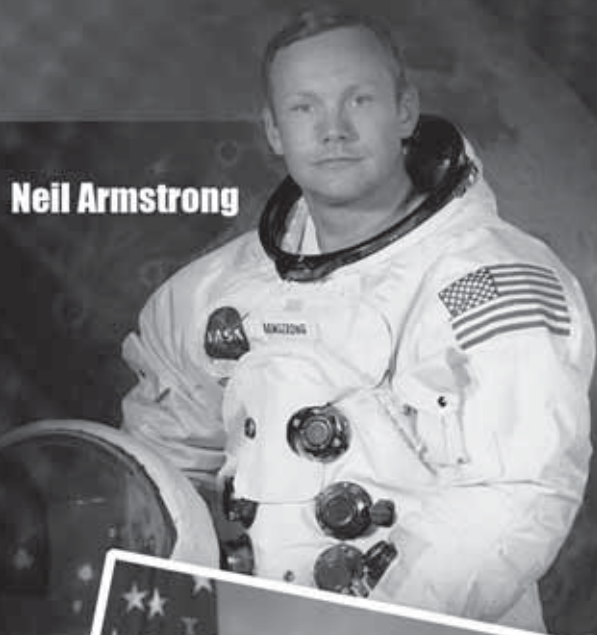

Long known as the “mother of astronauts” and a world leader in engineering, science and agricultural education and research, Purdue University also sends its sons and daughters to make a difference around the world and at home in business, government and even entertainment.

Of the more than 392,100 living Purdue alumni, 44 percent reside in Indiana. More than 19,000 call California home, and nearly 12,000 reside in Texas; the Hawaiian Islands are home to 714, and 350 live in Alaska.

Purdue graduates are pioneers and achievers in occupations as diverse as being elected to the Australian Parliament, serving as director of the National Science Foundation and head of Disney Studios. Others have become underwater explorers, traveled the country and world as relief workers with American Red Cross, founded support groups for cancer survivors and operated the largest duckling farm in the United States.

Nearly two-dozen members of the astronaut corps studied at Purdue. Notable among them are Neil Armstrong, Class of 1955, and Eugene Cernan, Class of 1956. Armstrong made history in 1969 as the first man to land a craft and step on the moon; Cernan was the last to leave it in 1972.

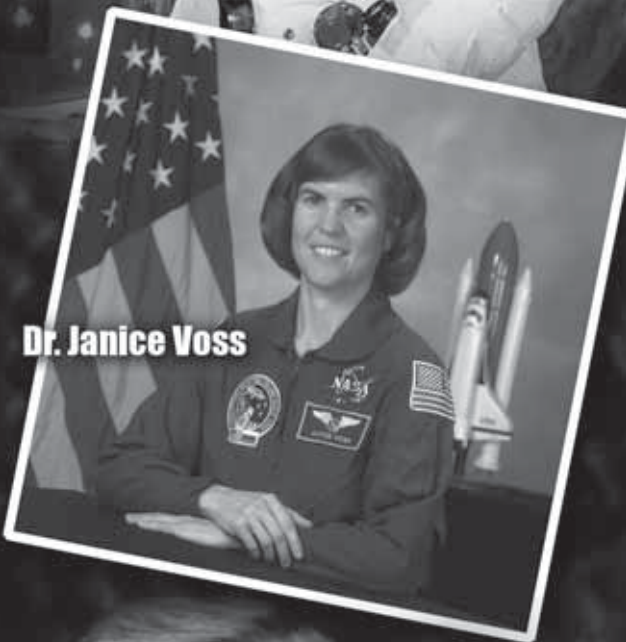

Neil Armstrong

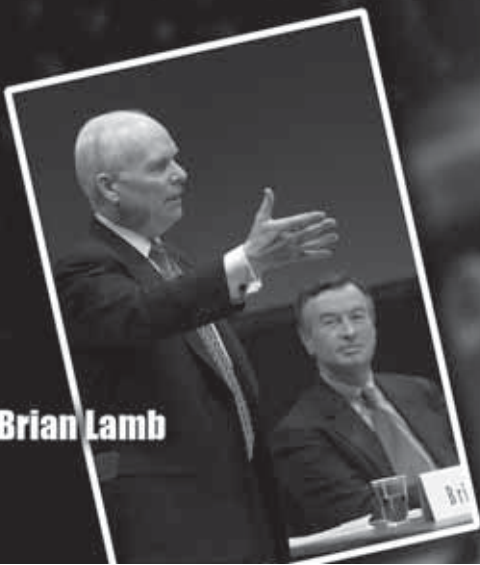

Accomplished Alumni

- * Humorist and playwright **George Ade**.
- * Hall of Fame basketball coach and All-American **John Wooden**.
- * **Ted Allen**, a Fab Five member of Bravo TV's Queer Eye for the Straight Guy.
- * Astronauts **Neil Armstrong** and **Gene Cernan**, the first to walk on the moon and the last to leave it.
- * Former U.S. Sen. **Birch Bayh**, father of former Indiana governor and current U.S. Sen. Evan Bayh.
- * Tellabs chairman and Purdue trustee **Michael Birck**.
- * Former presidential speechwriter and U.S. ambassador to Belize **Carolyn Curiel**.
- * **Pam Biggs Faerber**, founder of national support group for survivors of ovarian cancer.
- * **Brian Lamb**, founder and chairman of C-SPAN.
- * **Marge Magner**, chairman and CEO of Citigroup's Global Consumer Group.
- * **Elwood Mead**, who oversaw the construction of the Hoover Dam.
- * Indianapolis mayor **Bart Peterson**.
- * Dr. Janice Voss, NASA astronaut and science director for the Kepler spacecraft.
- * The late popcorn king **Orville Redenbacher**.
- * **Faith Smith**, president of the only university founded and operated by American Indians.

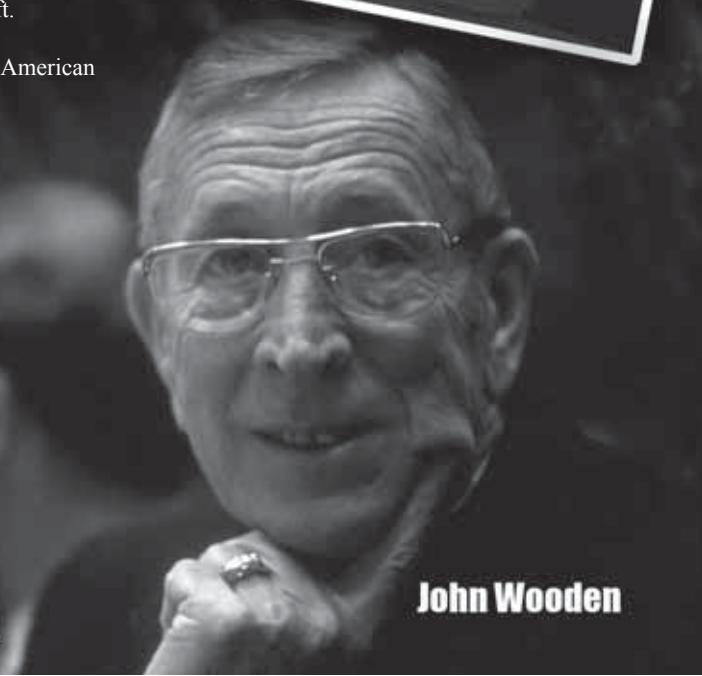

Dr. Janice Voss

Brian Lamb

John Wooden

PURDUE HALL OF FAME

The Intercollegiate Athletics Hall of Fame was created in August 1994, as 13 former athletes, administrators and coaches were selected for the inaugural class. The nominees are selected every 18 months by a committee of former athletes and administrators from nominations solicited from fans, athletes and coaches. Former athletes, coaches or administrators are subject to a five-year waiting period from the time they leave Purdue before they can be selected for induction. Currently consisting of 99 inductees, the Hall of Fame is located in a permanent outdoor display area located near the message board northeast of Mackey Arena.

Class of 1994

Keith Carter	Men's Swimming and Diving
Terry Dischinger	Men's Basketball
Ray Ewry	Outdoor Track and Field
W.P. "Dutch" Fehring	Football, Men's Basketball, Baseball, Baseball Coach
Bob Griese	Football, Baseball
Leroy Keyes	Football
Ward "Piggy" Lambert	Basketball Coach, Baseball Coach
Guy "Red" Mackey	Football, Football Coach, Athletic Director
Jack Mollenkopf	Football Coach
Rick Mount	Men's Basketball
Jane (Neff) Myers	Women's Volleyball
Arnold Plaza	Wrestling
John Wooden	Men's Basketball

Class of 1995

Joe Barry Carroll	Basketball
Lamar Lundy, Jr.	Football, Basketball
Orval Martin	Men's Cross Country, Men's Track and Field
Charles "Stretch" Murphy	Men's Basketball
Mike Phipps	Football
Chris Schenkel	Honorary
James Smart	Honorary
Sam Voinoff	Football, Football Coach, Golf Coach
Carol (Emanuel) Young	Women's Volleyball

Class of 1996

Lawrence Burton	Football, Men's Track and Field
Len Dawson	Football
John DeCamp	Honorary
Fred Hovde	Honorary
Pinky Newell	Honorary
Dave Schellhase	Men's Basketball
Bill Skowron	Football, Baseball
Hank Stram	Football, Baseball

Class of 1997

Otis Armstrong	Football
Bill Combs	Honorary
Joy (Holmes) Harris	Women's Basketball
Mark Herrmann	Football
Elmer Oliphant	Football, Men's Basketball, Track and Field, Baseball
Fred Wampler	Men's Golf

Class of 1998

Tim Foley	Football
Noble Kizer	Coach
Duane Purvis	Football, Men's Track and Field
Dave Rankin	Football, Men's Track and Field, Coach
Cathey Tyree	Women's Basketball, Women's Track and Field
Jeanne Vaughan	Women's Swimming and Diving
Jewell Young	Men's Basketball, Baseball

Class of 1999

Bernie Allen	Football, Baseball
Bob DeMoss	Football, Football Coach
Jim Everett	Football
Paul Hoffman	Men's Basketball, Baseball Coach
Marianne (Smith) Orr	Volleyball
Joe Patacsil	Wrestling

Class of 2000

Adam Abele	Men's Tennis
Tom Bettis	Football
Andrea Marek	Women's Track and Field
Claude Reeke	Wrestling
Joe Rudolph	Football, Administration
Joe Sexson	Men's Basketball, Baseball
Elmer Sleight	Football

Class of 2001

Joe Campbell	Basketball, Golf, Golf Coach
Sybil (Perry) Caruthers	Track and Field
President Edward Elliott	Administration
Cecil Isbell	Football, Football Coach
Bob King	Basketball Coach, Administration
George King	Basketball Coach, Administration
Dale Samuels	Football, Administration
Fred Wilt	Track and Field Coach

Class of 2003

Carol Dewey	Volleyball
Bernie Flowers	Football
Charles Jones	Wrestling
John Konsek	Men's Golf
Ralph "Pest" Welch	Football
Debbie West	Volleyball
Rod Woodson	Football, Men's Track and Field
Corissa Yasen	Women's Track and Field, Basketball

Class of 2004

Jim Beirne	Football
Dave Butz	Football
Becky (Cotta) Kirsininkas	Cross Country, Track and Field
Casey Fredericks	Wrestling
Amy Ruley	Honorary
Darryl Stingley	Football
Harry Szulborski	Football
Jim Young	Football, Administration

Class of 2006

Mike Alstott	Football
Dr. Steven Beering	Honorary
Herb Gilliam	Men's Basketball
Kim (Fritsch) Morstadt	Women's Swimming
Dick Papenguth	Swimming Coach
Glenn Robinson	Men's Basketball
Leo Sugar	Football
Carol (Pence) Taylor	Women's Swimming
Keena Turner	Football
Stephanie White	Women's Basketball

Class of 2007

Don Albert	Men's Golf
Darrel "Pete" Brewster	Men's Basketball, Football
Ray Eddy	Men's Basketball, Administration
Ukari Figgs	Women's Basketball
Billy Keller	Men's Basketball
Bob Kessler	Men's Basketball
Ed Langford	Men's Track and Field
Felix Mackiewicz	Baseball, Football
Ned Maloney	Football, Administration

ACADEMIC SUCCESS

At Purdue University, we place value in the intercollegiate athletics experience of our student-athletes. The athletics department supports the educational mission of our institution in its pursuit of academic achievement and graduation. Through participation in our athletics programs, students learn self-discipline, build self-confidence, and develop competitive skills. Our student-athletes learn practical life lessons such as teamwork, sportsmanship, winning and losing, and hard work. Through the Jane P. Beering Academic Learning Center, you will find the resources necessary to excel as a student, a student-athlete, and as a well-rounded individual.

Academic Learning Center

The facilities in the Jane P. Beering Academic Learning Center and the staff in academic support services are available to help all of our student-athletes reach their academic goals. The Jane P. Beering Academic Learning Center is located on the second floor of the Intercollegiate Athletic Facility and offers a range of academic support services for our student-athletes. Services available include: monitored study tables; individual and group tutoring; 74-station computer lab; walk-in tutoring for math, chemistry and physics; supplemental instruction; laptop computers for traveling; and note-takers.

Tutorial Program

Tutorial Services are offered to all student-athletes free of charge. Our tutorial staff consists of undergraduate and graduate students, instructors from campus, professionals from the community, and retired Purdue faculty. Our objective is to cover every academic discipline to ensure our student-athletes have assistance in all coursework.

Academic Mentor Program

The Academic Mentor Program was developed to provide our student-athletes with even greater support in meeting their individual academic needs. Every student-athlete presents a different academic need, and our staff wants to ensure all are receiving the necessary academic resources to succeed academically at Purdue. Mentors are individually selected to assist the program and are educated to ensure our mission of academic integrity.

CHAMPS/Life Skills Program

Purdue is committed to providing the support necessary to make its student-athletes as successful as possible in the five commitment areas. The Purdue CHAMPS/Life Skills program is designed to help student-athletes realize their full personal, academic and athletic potential. Our staff is dedicated to providing the resources necessary to help all Purdue student-athletes realize their goals.

Commitment to Academic Excellence

To support the academic progress of the student-athlete toward intellectual development and graduation.

Commitment to Service

To engage the student-athlete in service to his or her campus and surrounding communities.

Commitment to Athletic Excellence

To build philosophical foundations for the development of athletic programs that are broad-based, equitable and dedicated to the well-being of all student-athletes.

Program Of Excellence

Purdue was a 2004 recipient of the "Program of Excellence" Award. The award is given to universities whose CHAMPS programs have established student-athlete welfare as the cornerstone of their operating principles.

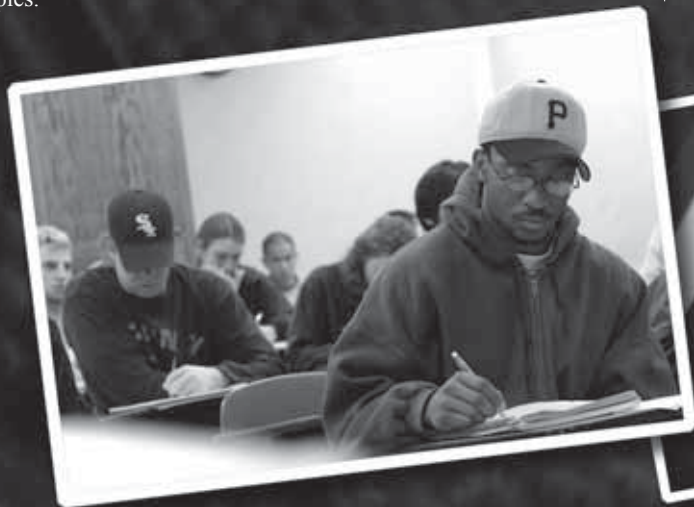

Academic Honors

Although Purdue is known nationally and internationally for its outstanding athletes, its academic fame is just as extensive.

The Boilermakers have had 31 basketball players selected Academic All-Big Ten 59 times, and seven players named Academic All-American. The Boilermakers have had at least one player named Academic All-Big Ten in the last 12 seasons. For a complete list of Purdue's Academic-All Big Ten honorees, see page 121 (History section) of this guide.

Academic All-American

Carson Cunningham.....	2000, 2001
Keith Edmonson.....	1982
Bob Ford	1972
Steve Reid	1983, 1984
Craig Riley	1991
Dave Schellhase	1966
Brian Walker	1981

BIG TEN CONFERENCE

The Big Ten Conference is an association of 11 world-class universities whose member institutions share a common mission of research, graduate, professional and undergraduate teaching and public service. Intercollegiate athletics has an important place within the mission.

Founded in 1896, the Big Ten has sustained a comprehensive set of shared practices and policies that enforce the priority of academics in student-athletes' lives and emphasize the values of integrity, fairness and competitiveness. Big Ten universities provide in excess of \$89 million in athletic scholarship aid to more than 8,400 men and women student-athletes who compete for 25 championships, 12 for men and 13 for women. In 2005-06, the Big Ten distributed over \$117 million in revenues to its 11 member institutions. Conference institutions sponsor broad-based athletic programs with more than 270 teams.

A Brief History Of The Big Ten

A meeting of seven Midwest university presidents on Jan. 11, 1895, at the Auditorium in Chicago to discuss the regulation and control of intercollegiate athletics was the first development of what would become one of organized sports' most successful undertakings.

Those seven men, behind the leadership of James H. Smart (left), president of Purdue University, established the principles for which the Intercollegiate Conference of Faculty Representatives, more popularly known as the Big Ten Conference, would be founded.

At that meeting, a blueprint for the control and administration of college athletics under the direction of appointed faculty representatives was outlined. The presidents' first-known action "restricted eligibility for athletics to bona fide, full-time students who were not delinquent in their studies."

Eleven months after the presidents met, one faculty member from each of those seven universities met at the Palmer House and officially established the mechanics of the "Intercollegiate Conference of Faculty Representatives" or "Western Conference," later the Big Ten.

Those seven universities were the University of Chicago, University of Illinois, University of Michigan, University of Minnesota, Northwestern University, Purdue University and University of Wisconsin. Indiana University and the State University of Iowa were admitted in 1899. The Ohio State University joined in 1912. Chicago withdrew in 1946, and Michigan State College was added in 1949.

After a 40-year period of constancy in membership, the Conference expanded to 11 members for the first time in 1990, when the Council of Presidents voted to confirm its earlier decision to integrate Pennsylvania State University into the Conference.

BIG TEN FACTS

- * Big Ten Universities are members of the nation's only conference whose constituency is entirely composed of institutions that are members of the AAU, a prestigious association of major academic and research institutions in the United States and Canada.
- * Big Ten Universities have more than four million living alumni and over 300,000 undergraduate students attending Big Ten universities.
- * Big Ten Universities house on their campuses 10 of the nation's 35 largest academic libraries. Collectively, conference libraries hold nearly 70 million bound volumes and the institutions work collaboratively to build and share their resources with other league members.
- * Since 1992, the Big Ten has created in excess of 2,000 new opportunities for women student-athletes and established 28 new women's teams.
- * Big Ten Universities provide approximately \$94 million in direct financial aid to more than 8,400 men and women student-athletes who compete for 25 championships, 12 for men and 13 for women. Conference institutions sponsor broad-based athletic programs with more than 270 teams.
- * Big Ten Universities see their student-athletes graduate at a rate nine percent higher than all Division I student-athletes.
- * The Big Ten recognized 2,018 Academic All-Big Ten honorees during the 2006-07 academic year, the highest total in the last decade. Over the past six years, the Conference has annually acknowledged more than 1,800 student-athletes as academic all-conference honorees.
- * Big Ten Conference schools are among the national attendance leaders in football, men's basketball, women's basketball and women's volleyball.

BIG TEN NETWORK

FIRST WORDS

"Eleven schools, 252 varsity teams, one great network to cover it all. Welcome to the Big Ten Network, your ultimate source for Big Ten sports, featuring the games, passion and tradition of the nation's foremost athletic conference." – Dave Revsine, August 30, 2007

ABOUT THE BIG TEN NETWORK

The Big Ten Network is dedicated to covering the Big Ten Conference and its 11 member institutions. The Big Ten Network provides unprecedented access to an extensive schedule of conference sports events and shows; original programs in academics, the arts and sciences; campus activities; and associated personalities. Sports programming includes live coverage of more events than ever before, along with news, highlights and analysis, all complemented by hours of university-produced campus programming. The Big Ten Network is a joint venture between subsidiaries of the Big Ten Conference and Fox Cable Networks. The Big Ten Network reaches a national audience through distribution arrangements with approximately 230 cable and satellite companies.

QUICK FACTS

- * Agreement: 20-year joint venture between subsidiaries of the Big Ten Conference and Fox Cable Networks.
- * Headquarters: Chicago, Ill.
- * Launched: August 30, 2007, 8pm ET
- * Sports televised: Football, men's basketball, women's basketball and other NCAA-sponsored sports
- * Programming: Approximately 400 live events, original programming, historic footage and classic games; coaches' shows; up to 60 hours per year of original programming from each university.
- * Distribution: The Big Ten Network has signed national agreements with AT&T U-Verse, Charter Communications, Comcast, DirecTV, DISH Network, Mediacom, Time Warner Cable, Verizon FiOS and 230 cable operators. Select content is distributed through alternative media platforms including the Internet, iPods, cell phones and other emerging technologies.

PROGRAMMING

Each year, the Big Ten Network televises approximately 400 live events, plus hundreds of hours of original programming, classic games, coaches' shows and campus programming. Virtually all of the network's live event programming is available in high definition.

MEN'S BASKETBALL

- * Through the creation of the Big Ten Network, every home Big Ten basketball game is produced.
- * Each Big Ten men's basketball team makes approximately 15-20 appearances a season on the Big Ten Network.
- * The network televises approximately 60-65 in-conference match-ups, plus selected Big Ten Tournament contests, and virtually all of those games are produced in high definition.
- * The network has a set on site at the Big Ten Men's Basketball Tournament in Indianapolis, with anchors providing coverage and analysis of all the action.

AUSTRALIA TOUR 2008

The Boilermakers began their 10-day Australian trip in Sydney, a stay that included a tour of the Sydney Opera House.

The Boilermakers' trip Down Under included a day of snorkeling at the Great Barrier Reef.

A stop in Brisbane included a trip to the Australia Zoo, the zoo made famous by Steve Irwin - the crocodile hunter.

STRENGTH & CONDITIONING

Now in his 23rd year as the strength and conditioning coordinator for the Purdue men's basketball program, Greg Lehman has been instrumental in the Boilermakers' success on the court. Charged with the task of assisting each student-athlete in maximizing his or her potential, his specialized workout programs focus on the enhancement of physical abilities and the prevention of injury.

The ability of Purdue basketball players to compete at their highest levels of performance is largely determined by their physical level of development and preparation. A year-round training program is essential in developing their physical abilities, as well as to prepare their bodies for the potential stress that may result in injury.

The Purdue basketball training program consists of a complex combination of training that provides various stages of physical development throughout different periods of the year. The training programs include Olympic weight training exercises, free weight and machine weight training exercises, conditioning, flexibility, and plyometrics. Each component is essential for performance enhancement and injury prevention.

In conjunction with the training programs, each student-athlete is provided with a daily assessment of progress and training prescription for each exercise within the program. The system, designed by Lehman, provides a unique advantage that lends success to the training programs by maximizing progression and intensity.

The Purdue men's basketball team trains in the Intercollegiate Athletic Facility, which houses some of the latest in training equipment, including free weights, Olympic platforms, power racks, and Hammer and Cybex training machines, as well as cardiovascular and plyometric equipment.

The staff, program and facilities, along with the medical and athletic training staffs, offer Purdue basketball players every advantage to maximize their athletic potential and their careers as student-athletes at Purdue University.

ATHLETIC TRAINING

Purdue University has a long and rich history in health care for the student-athlete and in athletic training education. William E. "Pinky" Newell was a founding father of National Athletic Trainers' Association and the Purdue athletic trainer from 1949 to 1976. His foresight and commitment to the profession and to Purdue student-athletes has placed the university among the leaders in the care of athletes.

Purdue University Sports Medicine utilizes on-site daily care by the athletic training staff and team physicians, as well as consultants in orthopedics, dentistry, ophthalmology, neurology, and other medical specialties in Greater Lafayette and Indianapolis.

The reputation of Purdue's athletic training education program reaches nationwide. Graduates of the program are head and assistant athletic trainers in the NFL, Big Ten and PAC 10, as well as other conferences across the country. They also serve in high schools and clinics in all parts of the United States.

MACKEY ARENA

Now in its 41st season as home to the Purdue Boilermakers, Mackey Arena not only is one of the top college basketball arenas in the Big Ten, but across the country, as well. The Boilermakers have been able to win better than 80 percent of their games at home.

Dedication

Built for about \$6 million, Purdue Arena was dedicated Dec. 2, 1967, in a game featuring Purdue and UCLA. Purdue Arena was renamed Mackey Arena in 1972 in memory of late Athletics Director Guy "Red" Mackey, who led the department for 32 years.

The playing floor sits 17 feet below ground level, while the height from the arena floor to the aluminum roof above is 97 feet. Surrounding the arena are lighted parking areas with a capacity to hold 240 vehicles.

Upgraded Facilities

Mackey Arena has undergone several changes from its original design. While some modifications have been minor, such as the installation of new lights before the 1989 season, the construction of a band platform in 1993 in the south end seats and the painting of the arena's roof during the summer of 1998, others have been much more elaborate.

Prior to the 1990-91 season, a four-sided scoreboard was installed and includes graphics boards and statistics boards on each of its sides.

The start of the 1994-95 season saw press row moved from its familiar courtside location along the west edge of the playing floor to a location higher up, adjacent to the main concourse on the same side of the arena. The move resulted in the creation of 248 additional seats at midcourt in the lower arena, although the overall capacity of Mackey Arena was not affected. Before the start of the 1997-98 season, Mackey's original playing surface was replaced with a new floor, while the original basketball standards also were replaced. Fiberglass seating was replaced with vinyl-wrapped steel in summer 2000.

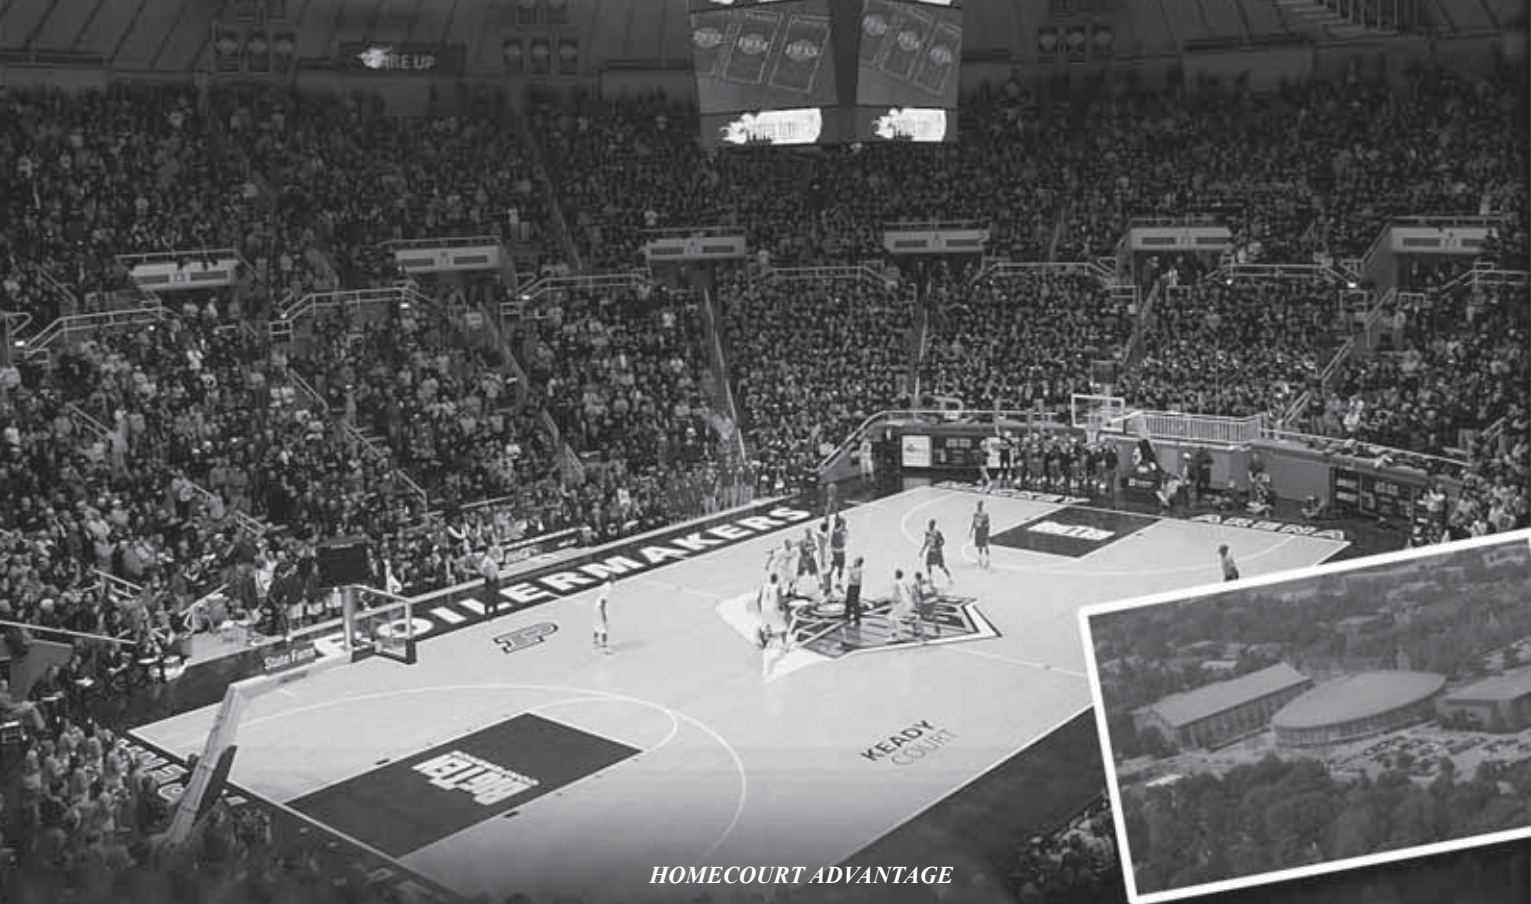

In the summer of 2004, a total of seven video boards were installed throughout the arena. In addition to the video boards, a new sound system was installed bringing the project total to over \$2 million.

In May of 2005, the floor of Mackey Arena was resurfaced and painted. Besides a fresh coat of paint and finish, Keady Court was added to the hardwood to honor legendary coach Gene Keady who retired after 25 years on the bench.

HOMECOURT ADVANTAGE

In the 588 regular-season games held in Mackey Arena, the Boilermakers have won 81.1 percent of their games at home (477-111), not including a 44-6 mark in exhibitions.

Although the Boilermakers have enjoyed success against Big Ten opponents in Mackey Arena, posting a 265-81 (.766) record against conference foes, their dominance over non-conference opponents is even more impressive. Consider that the Boilermakers boast a 212-30 (.876) mark against non-league teams.

ATTENDANCE

Sellouts are the rule rather than the exception in 14,123-seat Mackey Arena. Purdue had a record consecutive sellout streak of 44 games (53 regular-season games) snapped Dec. 19, 1995, against Western Michigan. The Boilermakers had capacity crowds for 129 consecutive Big Ten games until the Northwestern game Feb. 2, 2000. Altogether, Purdue has sold out every game in a season eight times in Mackey Arena's history: 1969-70 (12 games), 1986-87 (13 games), 1988-89 (14 games), 1992-93 (14 games), 1993-94 (14 games), 1994-95 (13 games), 1997-98 (14 games) and 1998-99 (16 games).

In 2006-07, Big Ten men's basketball once again attracted more fans than any other conference, while also leading the country in tournament attendance for the second time in the nine-year history of the event. The league topped the nation in total attendance for the 31st consecutive year according to numbers released by the NCAA. At the time this book went to print, 2007-08 attendance figures were not available on *NCAA.org*.

The Big Ten reached two attendance landmarks during the 2006-07 season as the conference broke the 2-million mark in all games for the 15th-straight season, while also reaching the 1-million plateau for league games only for the 30th consecutive season.

MACKEY ARENA RENOVATIONS

Purdue University's Mackey Arena will undergo a construction project designed to complement it as not only a basketball venue, but also benefit each of the university's nearly 500 student-athletes.

The scope of the Mackey Arena Complex project is the most comprehensive and significant facility undertaking in the university's athletics history, said Morgan J. Burke, director of intercollegiate athletics. It will bring a 40-year-old campus landmark into the 21st century while preserving its rich history and tradition.

A three-level structure is planned north of Mackey and currently is being referred to as the Student-Athlete Development Center. Its highlights include:

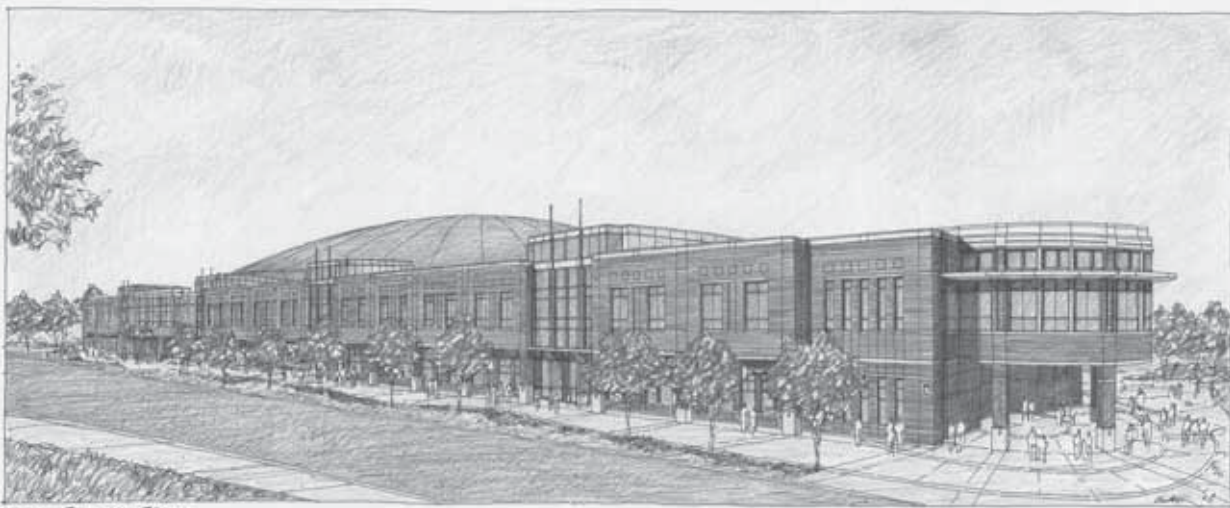

- A sports medicine facility approximately three and a half to four times larger than the current area in Mackey.
- A strength and weight training facility approximately four times larger than the existing Intercollegiate Athletic Facility weight room.
- An oversized basketball practice facility with a full-size court and three breakout shooting areas.

The Mackey Arena Complex project will significantly enhance the overall fan experience at Purdue games. The concourse width will be approximately doubled, concessions will increase four times (from 12 to 48 points of sale) and restrooms will increase three times for women and by 35 percent for men. In addition, the lower seating sections on the east side will be modified to allow for some premium seats, with club seats (fixed padded stadium chairs) and loge seats (office-style chairs on casters) provided. A limited number of premium courtside seats will be available in the west pit area. Accessible seating will increase approximately six times. Two club spaces will be created, one for general fans on the west side and a premium club to the east.

Other upgrades will include new locker rooms and lounges, meeting rooms, offices, laundry facilities and equipment storage. A new ticket office will be created in Mackey that is approximately twice the size of the existing one in the Intercollegiate Athletic Facility. The current ticket office will be converted to a locker room for volleyball. The entire upper level of the IAF will be transformed into an academic center spanning approximately 10,000 square feet.

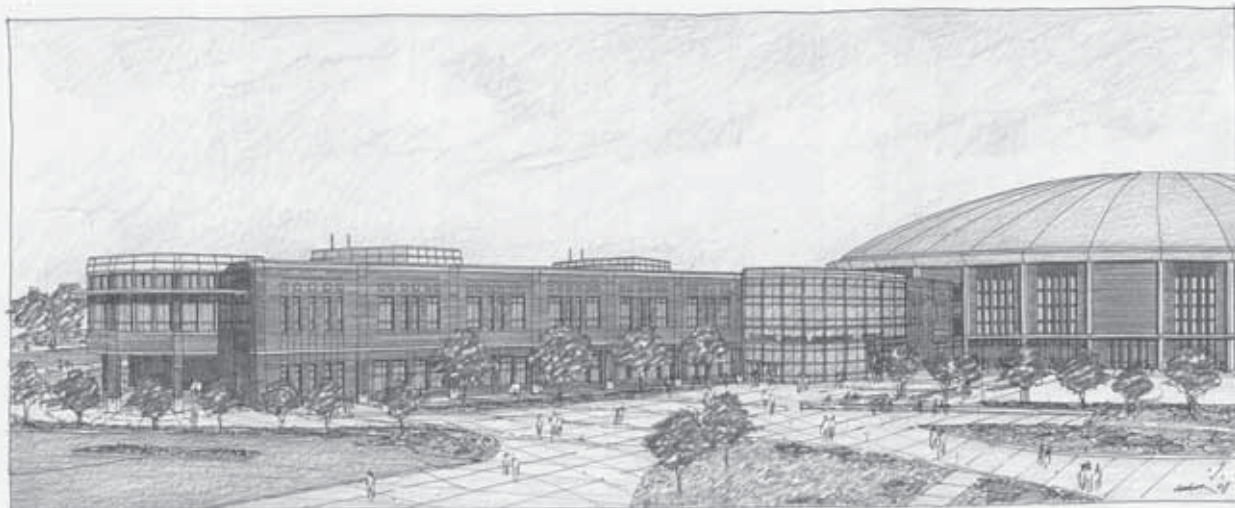

Since it opened in 1967, Mackey, named for late Purdue athletics director Guy "Red" Mackey, has earned a reputation as one of the premium basketball arenas in the nation. The men's program tops all Big Ten schools with 21 conference championships, while the women's program has won seven regular-season titles and six postseason tournament crowns, all since 1991.
