1995: single elimination play in championship on day one, double elimination for remaining matches

1996: began use of single elimination format for Conference championship; team champion declared Conference champion

1999: regular season winner declared "Big Ten Women's Tennis Regular Season Champion" and championship used to determine "Big Ten Champion" and NCAA automatic qualifier; in final team standings, championship winner placed first and championship runner-up placed second (regardless of record); final conference record determined by following formula -- regular-season record plus any upsets in championship. If a lower seed upsets a higher seed, the lower seed will gain a win while the higher seed will incur a loss. However, a win over a team with an identical record will not count as an upset regardless of seeding.

2006: final team standings to include only results from regular-season Big Ten matches.

2009: regular season winner declared "Big Ten Champion" and tournament used to determine "Big Ten Tournament Champion" and NCAA automatic qualifier.

2020: season was canceled two matches in due to COVID-19 Pandemic

2021: Big Ten Conference only regular season due to the COVID-19 Pandemic
