### EXECUTIVE DIRECTOR OF ADMINISTRATION AND

### OPERATIONS/CHIEF OF STAFF GREG BROHM SAYS

"AS WITH EVERYTHING IN THE FOOTBALL PERFORMANCE COMPLEX, OUR MEETING ROOMS ARE FIRST CLASS. The team meeting room is spacious and comfortable. The team lab is a great secondary space that is extremely versatile. Each of the position meeting rooms are the ideal size and have the perfect layout for the respective players and coaches. Beyond the functionality of all these spaces are the vibrant graphics and recognition of Purdue's heritage and storied football legacy."

### PLAYER REACTION: GELEN ROBINSON

"THE MEETING ROOMS ARE MY FAVORITE PART OF THE NEW BUILDING. As a defensive lineman, we get the biggest room with the biggest chairs. Those rooms make you want to come in, hang out and be around your teammates. We come in, watch film and videos on the big screen, and there is a definite 'home' feeling. We are in there all the time now as opposed to the old facility, where we didn't want to stick around longer than necessary."
