

PRINCIPAL FEATURES

Gas safety

Gas supply

Stainless steel grids

Teppanyaki

DESCRIPTION

The built-in barbecue in AISI 316 stainless steel has 3 tubular gas burners, with a total power of approximately 11,4 kW. Special gas conversion nozzles are supplied as standard to allow the use with both NG and LPG. The in-line arrangement of the burners allows you to separate the cooking zones and also allowing the use of different temperatures. The BBQ is equipped with Gas-Stop safety devices. Among the accessories on request, in addition to a TappanYaki griddle and the different types of grates, two different lid models are available (high and low).

FEATURES

AISI 316 stainless steel
NG or LPG supply
