I highly recommend this book to anyone who is interested in the IBM story!0 of 1 people found the following review helpful. Five StarsBy Lucy MarinFascinating account!

In 1924, IBM built its first plant in Endicott, New York. Now, Endicott is a contested toxic waste site. With its landscape thoroughly contaminated by carcinogens, Endicott is the subject of one of the nation's largest corporate-state mitigation efforts. Yet despite the efforts of IBM and the U.S. government, Endicott residents remain skeptical that the mitigation systems employed were designed with their best interests at heart. nbsp;
