“Account”: A domain or company you referred (name@yourbiz.com). Each domain you refer counts as one account.

“User”: The individual users within each Google Workspace account (ie. associated with the same domain).  
For example, name1@yourbiz.com is one user, and name2@yourbiz.com is the second user.

*\*200 users are counted based on the date that referrals become eligible for commission payment.  
(For example: If a referral is made in November of 2020 for 1 Google Workspace account with 5 users, and that referred Google Workspace account becomes commission eligible in February of 2021, then 5 users are counted towards the 2021 limit.)*
