23 June 2022

Dear **Mr. Abcede**:

This is with reference to your request thru an e-portal requesting the peak loading of all CEPALCO's substations 2017-2021, forecasted to 2026.

Please find enclosed the available data on the forecasted peak demand of CEPALCO's substation, which was sourced from its Rules for Setting Distribution Wheeling Rate (RDWR) filing under ERC Case No. 2022-016 RC.

Hope this suffices your request. Thank you.
