MR./MS. NYCE MEDILO

**Subject: PITAHC FOI #474473102074
Request for information on list of spaces/areas
needed for the proposed PITAHC Laboratory for
academic purposes**

Dear Mr./Ms. Medilo:

Greetings of health and wellness from PITAHC.

We are writing with reference to the aforementioned request.

The area of interest will be at the 4th floor of our office that is inside the compound of the East Avenue Medical Center, Quezon City. At the moment, the management is in the process of conducting a feasibility study on the proposed establishment of the laboratory. As such, details regarding the use of the space or the list of proposed PITAHC laboratory spaces, are still unavailable. However, the primary intent of setting up the laboratory is for the conduct of in-house projects and collaborative studies as well as to support the setting up of standards on traditional and complementary medicine (T&CM) products.

You may conduct an ocular visit to our office should you have further inquiries. Kindly contact and coordinate with the administrative division through 8282-5193 or 94 and local 0 or 106. We would also like to request that a letter of intent to visit noted by your thesis adviser be sent to our email at pitahc@gmail.com,

Thank you and we look forward to your visit.

Very truly yours,

Annabelle Pabiona De Guzman, MD, FPAFP, MHA, MAMed (UK), CESE
Director General
