

Sept. 14, 2022

Hello and good day!

This is Roxel Almario of the Socioeconomics Division here at PhilRice and I am the data steward here at our office accommodating data requests from both internal and external users for the division.

Unfortunately, we don't have any data available here in the division regarding local rice industry statistics on a municipal/city level.

As an alternative, you may access our data on statistics on rice production for the whole province of Cavite which can be accessed here: Estimated production, area harvested and yield per hectare (PAY): <https://palaystat.philrice.gov.ph/statistics/retrieve/table/1>

You may visit the other pages of the PalayStat System for other rice-related data on Cavite at: palaystat.philrice.gov.ph.

You may also try to contact the City Agriculture Office (CAO) of the Imus City, Cavite for your request, contact the Philippine Statistics Authority or visit the PSA's OpenStat website at: <https://openstat.psa.gov.ph/Database/Agriculture-Forestry-Fisheries>

Hope this helps. Feel free to email us for any questions, clarifications and other matters you want to be addressed.

Please provide feedback on our response via our FOI feedback form link: https://docs.google.com/forms/d/1UrSIYUil7xOQSCrhYWyHG-k7eMeWKeq1vd3-1WGuX_I/edit?usp=sharing

Thank you.
