NOTE: 2020-2022 figures are still subject to change as reports are yet to be finalized
Data as of 18 August 2022

Small Scale - Disasters that have impacts limited to relatively small local areas. (NDRRMOC SOPG 2021)

Medium Scale - Emergencies that are smaller than national geographic scales. These are defined by a threshold of impacts causing emergency reaction from authorities from multiple administrative regional authorities – such as from multiple villages, districts, or provinces. (Ibid)
