

Republic of the Philippines

**ENERGY
REGULATORY
COMMISSION**

05 July 2022

Dear **Mr. Abcede**:

This is with reference to your request thru an e-portal requesting the Historical Peak Loading per Substation of MERALCO for the year 2017-2021.

Please be informed, that MERALCO does not have a consolidated submission of the historical peak loading of its substations. MERALCO only provides specific historical loading of its Substations within a specific timeframe that are subject of various CAPEX Applications, listed hereunder:

- **2019-050 RC** *In the Matter of the Application for Authority to Implement the Proposed Very Urgent / Emergency Capital Expenditure Program for Regulatory Year (RY) 2020, with Prayer for Provisional Authority;*
- **2020-028 RC** *In the Matter of the Application for Authority to Implement the Proposed Capital Expenditure Program for Regulatory Year (RY) 2021, with Prayer for Provisional Authority;*
- **2021-060 RC** *In the Matter of the Application for Authority to Implement the Proposed Capital Expenditure Program for Regulatory Year (RY) 2022, with Prayer for Provisional Authority;*
- **2021-015 RC** *In the Matter of the Application for Approval of the Annual Revenue Requirement and Performance Incentive Scheme for the Fifth Regulatory (Regulatory Years 2023-2026) in Accordance with the Provisions of the Rules for Setting Distribution Wheeling Rates (RDWR).*

However, please note that the listed cases above are still under the evaluation of the Commission and for completion of legal proceedings. More so, only limited data are provided in the subject cases which are available for the parties involved therein. For the acquisition of data as detailed in the FOI request, you may apply as an intervenor, if not you may directly request from MERALCO itself.

Thank you.
