

Republic of the Philippines

**ENERGY
REGULATORY
COMMISSION**

18 August 2022

Dear **Mr. Guinanao**:

This is with reference to your follow-up request thru an e-portal requesting the electricity sales of Meralco- Calamba for the year 2018-2022.

We wished to reiterate our letter dated 5 August 2022, informing that the Commission does not have the data of kWh sales for MERALCO Calamba only since the required kWh sales for submission to the Commission is for the entire franchise area of MERALCO, which we already provided.

In this regard, you are advised instead to directly request the said data to MERALCO.

Please be guided accordingly.
