Dear Ms Prades:

This refers to your inquiry regarding information that maybe useful in crafting your thesis proposal. In PCAARRD-DOST we do not have a Training and Livelihood Center for Agriculture. However, we have established the DOST-PCAARRD Innovation and Technology Center (DPITC) which caters to various pre-commercialization and commercialization activities of researchers/technology transfer officers in the Agri-Aqua Sector. Please refer to the attached DPITC brochure. You may find this useful in preparing your thesis proposal.

Also, for other information related to agriculture, aquatic and natural resources sector you may want to register at PCAARRD's e-library using the link below.

Thank you and please do not hesitate to contact us if you have other queries related to the information that we have provided you

Sincerely,

**Lucy A. Lastimosa**
