RETAIL COMMERCIAL LEASE | 1965 Bataan Memorial West

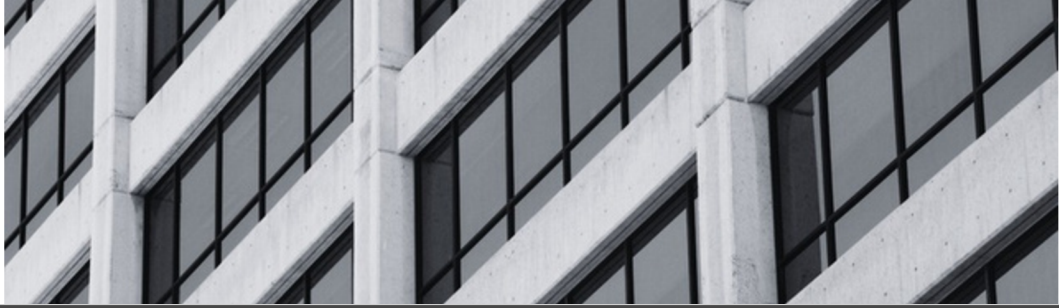

You simply are surrounded by both an aging and younger area demographic that is physically and financially active. There are indications that pet related concepts will be well suited for the site. There is a 3 million plus trade gap in food away from home within a five-minute drive time of the site indicating that a variety of food related concepts would also play well.

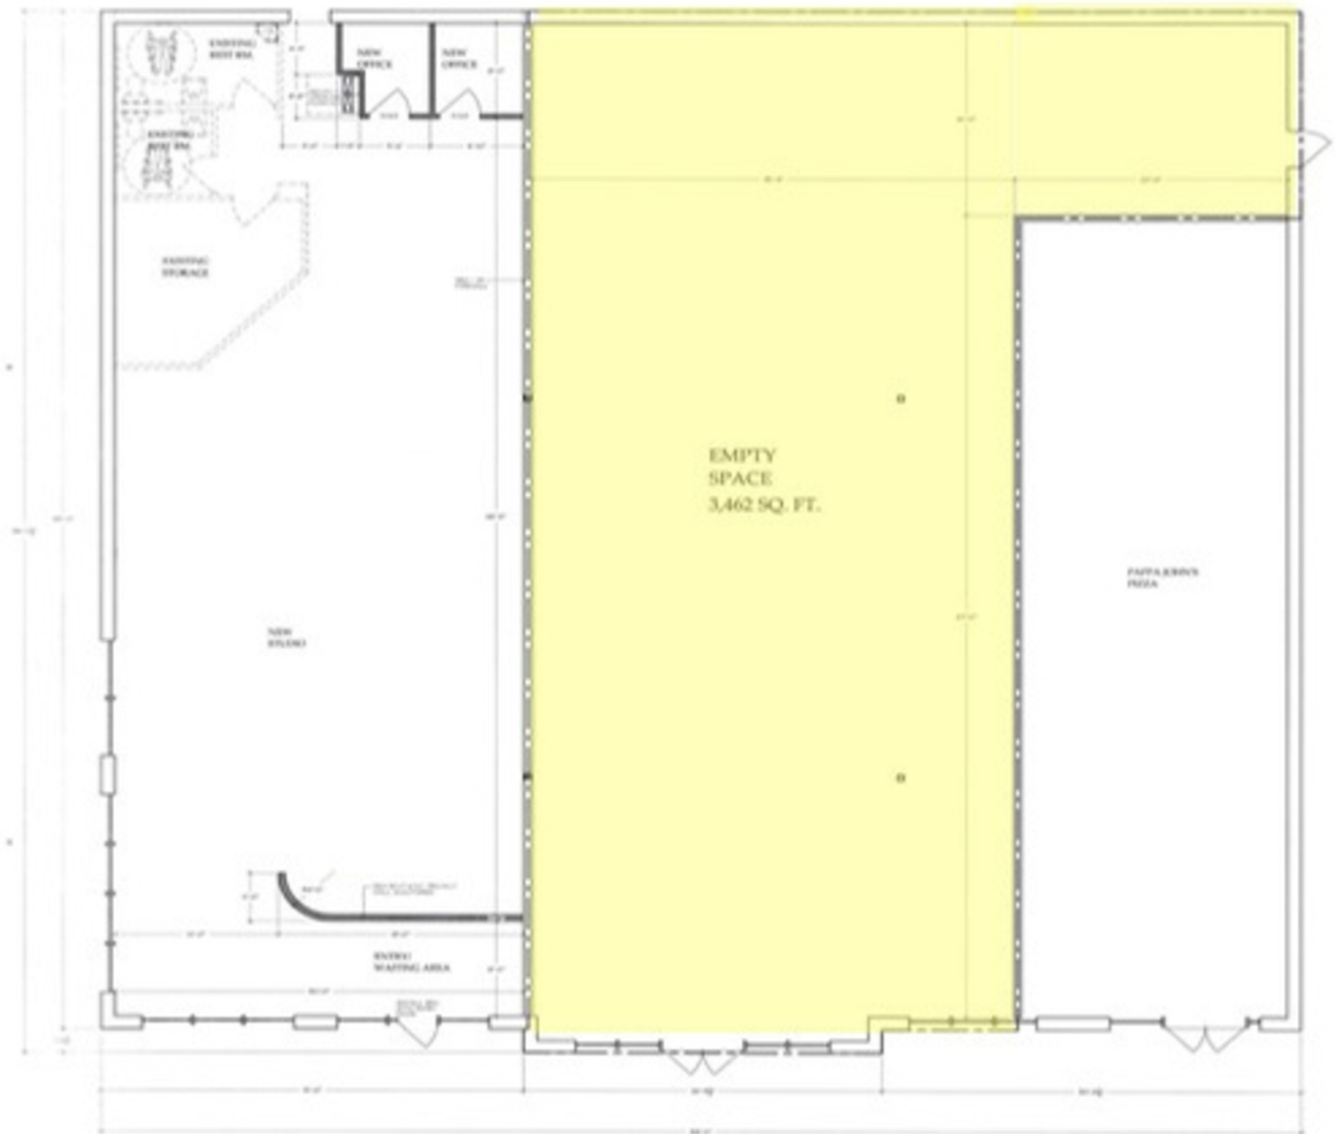

The site itself is anchored by numerous national name retail concepts and is located at the Interstate 25 and Highway 70 interchange. The proximity to multiple national name retail anchor and sound office owners and tenants also makes the location extremely relevant. Give this site significant consideration and give us a call to discuss.
