PROPERTY OVERVIEW

Located in the heart of Albuquerque's premier medical corridor, 200 Oak St NE offers an exceptional leasing opportunity for healthcare providers. This $\pm 4,700$ SF former medical office is strategically positioned near all three major hospital groups and surrounded by numerous medical specialists, creating a built-in referral network. With easy access from I-25, the property provides convenience for both patients and staff. The space can be demised to as little as $\pm 2,500$ SF to meet a tenant's specific space requirements. Recent improvements include new HVAC systems and updated electrical throughout, ensuring reliability and comfort. The previous outdated medical build-out has been completely removed, leaving a fresh, open canvas for a new tenant to design a modern, efficient medical suite tailored to their needs. To assist with build-out costs, the landlord is offering competitive rent concessions. Additional features include prominent monument signage for excellent visibility and the flexibility to create a patient-friendly environment in a prime healthcare location.
