SECTION 18.66 PLANNED UNIT DEVELOPMENT DISTRICTS

For intent, location, standards, and submittal requirements for PUD Planned Unit Development District refer to Article 5.

SECTION 18.67 SUPPLEMENTAL DIMENSIONAL REGULATIONS APPLICABLE TO ALL DISTRICTS

- A. **Continued Conformity with Bulk Regulations.** The maintenance of setback, height, floor area ratio, coverage, open space, manufactured home site, buffer areas, lot area and lot area per dwelling unit required for one (1) use, lot, building, or structure shall be a continuing obligation of the owner of such building, structure, or lot on which such use, building or structure exists. No setback, height, floor area ratio, coverage, open space, manufactured home site, buffer areas, lot area, and lot area per dwelling unit allocated to, or required, or in connection with one (1) lot, use, building or structure may be allocated to any other lot, use, building, or structure.
- B. **Division of a Lot or Parcel.** No one (1) lot or parcel, once designated and improved with a building or structure, shall be reduced in area, or divided into two (2) or more lots, and no portion of one (1) lot, once designated and improved with a building or structure, shall be sold unless each lot resulting from each such reduction, division, or sale, and designated and improved with a building or structure, will conform with all of the bulk and yard regulations of the zoning district in which it is located.
- C. **Setbacks and Yard Requirements.** The setback and yard requirements established by this Ordinance shall apply to every lot, building, or structure, except for the following structures, so long as they are located as specified below:
1. Unroofed masonry or concrete terraces and patios at the same level as the adjacent grade and may not be located closer than three (3) feet from a side or rear property line.
 2. Unroofed porches and decks may not occupy a required front setback, nor be located closer than three (3) feet from a side or rear property line.
- D. **Height.** The height requirements established by this Ordinance shall apply to every building and structure with the following exceptions provided their location shall conform to the requirements of Berlin Charter Township, the Federal Communications Commission, the Federal Aviation Administration, and other public authorities having jurisdiction:

ZONING ORDINANCE

1. Public utility towers, structures, transmission and distribution lines and related structures; radio and television broadcasting and receiving antennae; and water towers where the aforementioned structures are permitted in the district therein located or are a special land use in said district subject to the provisions of Article 7.
 2. Spires, belfries, and silos provided that the overall height does not exceed one hundred fifty percent (150%) of the maximum permitted building height in the district therein located.
 3. Chimneys, ventilators, skylights, and other necessary mechanical appurtenances provided that no mechanical enclosure or penthouse shall exceed twelve (12) feet in height above the roof deck.
 4. Parapets not exceeding three (3) feet in height above the roof deck.
- E. **Lot Area / Width.** Buildings and structures designed to house essential services shall not be required to meet the requirements of this Ordinance regarding lot area or width provided, however, that such a building or structure shall meet all other regulations for the district in which it is located.
- F. **Dwelling Unit Minimum Floor Area.** The minimum floor area of any single-family dwelling shall be no less than nine hundred fifty (950) square feet. Where a single-family home is constructed without a basement, an additional one hundred (100) square feet shall be added to the minimum required first floor area requirement to provide space for utilities, such as, but not limited to, furnace, hot water, laundry tubs, incinerator and the like.
- G. **Mixed Use District Standards.** Development within the Mixed Use (MU) district shall conform to the following:
1. **Residential Density.**
 - a. The maximum permitted density of multiple-family dwellings in the MU district shall be based on the total number of bedrooms. The maximum number of bedrooms permitted shall be equal to the area of the subject parcel dedicated to multiple-family use (in square feet) divided by 1,800. For the purposes of this calculation, efficiency units shall be considered to have one (1) bedroom.
 - b. Land area to be shared between multiple-family dwellings and other uses (e.g. apartments over storefronts), shall be permitted one-half (0.5) the number of bedrooms described above under item a.
 - c. Detached single-family dwellings shall occupy individual lots meeting the minimum lot size for the MU district.
 2. **Parking.**

- a. Parking shall not be permitted in a required front yard.
 - b. Parking areas shall be screened from view from the road through the use of a masonry screen wall at least forty-two (42) inches in height, or a continuous evergreen landscape screen of at least six (6) feet in height.
 - c. Parking areas shall be setback at least ten (10) feet from all property that is zoned or used for single-family residential purposes.
 - d. Shared or collective parking arrangements, in conformance with Section 18.246.B.7. are encouraged.
3. **Building Design and Orientation.**
- a. The maximum linear length of an uninterrupted building façade facing public streets shall be thirty (30) feet. Façade articulation or architectural design variations for building walls facing the street are required to ensure that the building is not monotonous in appearance. Building wall offsets (projections and recesses), cornices, varying building materials, or pilasters shall be used to break up the mass of a single building.
 - b. Ground floor facades that face public streets shall have arcades, display windows, entry areas, awnings, or other such features along no less than fifty percent (50%) of their horizontal length. Real windows allowing daylight in the building are encouraged.
 - c. Roofs.
 - i. Flat Roofs. Parapets concealing flat roofs and rooftop equipment such as HVAC units from public view are required.
 - ii. Pitched Roofs.
 - (1) Overhanging eaves on pitched roofs shall be a minimum of twelve (12)-inches including gutter, with a minimum one (1)-inch rake.
 - (2) An average slope greater than 4:12 is required.
 - iii. Building Materials and Colors. Predominant exterior building materials shall be high quality materials, including, but not limited to: brick, stone, architectural steel, glass, stone, fiber cement, and split-faced block. Vinyl or aluminum siding shall only be used for accents. Exterior Insulation Finishing Systems (E.I.F.S.) or similar material is not permitted as a primary building material.
 - iv. Façade colors and systems shall be reviewed and approved by the Planning Commission as part of final site plan review.
4. **Road / Pedestrian Orientation.** Buildings in the MU district shall have at least one (1) entrance facing the road upon which said building fronts. Said entrance shall be connected by a concrete sidewalk of at least five (5) feet in width to any sidewalks located within the adjacent road rights-of-ways.
