PROPERTY DESCRIPTION

Functional small-format warehouse and office suites available within a larger industrial building just steps from downtown Dexter. The property offers clean, flexible space suited for distribution, light manufacturing, storage, contractor trades, creative industrial users, or businesses seeking practical warehouse space with nearby downtown amenities.

Suite B is a 725 SF R&D/Workshop space that includes a private entrance, utilities, and access to common area amenities. Wi-Fi and communications are tenant responsibility.

Suite F offers 1,571 SF of workshop space with windows, a private entrance, 16' ceiling height, access to loading docks, and access to common area amenities. Interior amenities include a private thermostat, shared breakroom/kitchenette access, and restrooms.

Suite G offers 1,725 SF of warehouse space with 16' clear ceiling height, large windows providing natural light, and warehouse shelving that can remain or be removed depending on tenant needs. Users benefit from access to multiple loading docks, as well as a secondary elevated loading door for added shipping and receiving flexibility.

Ample onsite parking, easy site circulation, and excellent visibility support daily operations. Located within walking distance to Dexter's vibrant downtown district, the property offers quick access to local restaurants, retail, services, and M-14 for regional connectivity.
