USE CASES AND TENANT PROFILES

TWO COMPLEMENTARY OCCUPANCY PATHS

Track 1 | Healthcare & Wellness

PATIENT- OR CLIENT-FACING USERS

The existing medical-office context may reduce the operational leap for a compatible healthcare or wellness user seeking an established professional setting.

CANDIDATE USERS

- Optometric or complementary healthcare services
- Therapy, counseling, or behavioral-health practices
- Wellness, rehabilitation, or treatment-oriented providers

WHY THE PROPERTY FITS

- Reception and waiting-area environment supports client arrival
- Private rooms can support consultation, exam, or treatment functions
- Select cabinetry-and-sink improvements may suit clinical workflows
- Approximately 35 surface parking spaces support staff and visitors

Track 2 | Professional Office

PRIVATE-OFFICE AND CLIENT-SERVICE USERS

The building's frontage, private rooms, reception setting, and direct parking access also support a range of general professional-office concepts.

CANDIDATE USERS

- Consulting, advisory, or administrative offices
- Financial, insurance, or other client-service practices
- Professional teams needing private rooms and reception space

WHY THE PROPERTY FITS

- Prominent E. 12 Mile Road frontage strengthens business visibility
- Private-room layout can separate focused work and client meetings
- Rear surface parking offers convenient direct building access
- Warren location connects nearby residential and commercial demand

Use verification: All candidate uses are illustrative and remain subject to PB zoning, municipal verification, landlord approval, licensing requirements, and confirmation that the final suite configuration supports the intended operation.
