

- iv. In a PBC District, where the extension of a front or side lot line coincides with the front line of an adjacent lot located in a residential district, a yard equal in depth to the minimum setback required by this chapter on such adjacent lot in the residential district shall be provided along such front or side lot line for a distance of at least 25 feet, including the width of any intervening alley from such lot in the residential district.
- v. Where a building is taller than 65 feet in height, 1 additional foot of setback shall be required in each yard. Each façade is measured separately, and the additional depth is required perpendicular to that façade.
- e. *Maximum lot coverage.* The lot coverage of all principal and accessory buildings on a zoning lot shall not exceed 50 percent of the total area of the lot. However, parking and landscape requirements for the intended use must be met in all instances. Therefore, maximum lot coverage may in some cases be less.
- f. *Height regulations.* No building or dwelling for residential or business purposes shall exceed 150 feet in height above the natural grade of the property at the location of the structure or base flood elevation as established in **Chapter 900** of this UDC.
- g. *Design criteria.*
 - i. *Required landscape areas.* All developments shall comply with the planting and landscape buffer requirements per **Sec. 600-3.4** of this UDC.
 - ii. *Signage.* All signage shall comply with the standards per **Sec. 600-4** of this UDC.
 - iii. *Lighting.* All site lighting shall comply with the standards per **Sec. 600-2** of this UDC.
 - iv. *Parking/loading.* All parking and loading shall comply with the standards per **Sec. 600-5** of this UDC.
