

Home Concierge is for those who want to maximize profits and sell faster

How you'll benefit...

Mitigate your risk

Leverage our experience and formula, rooted in ROI, to determine an accurate budget and renovation plan.

Hassle-free renovations

Our team will spec, design, and manage to ensure quality, timeline, and budgets are kept.

No money out-of-pocket

We'll front all capital for pre-sale home renovations with no interest or fees. It's paid back through escrow.

Process

1

Revive drafts a renovation plan

You'll meet with a Revive expert who will help determine the scope and budget that yields the highest return on investment.

3

Witness the transformation

The renovation plan is set. Colors & materials are selected. Service provider arrives on-site and gets to work. The home will soon be in turn-key condition for the open market.

2

Matched with the right service provider

Our team solicits multiple bids to find the right service provider that delivers affordability, speed, and quality.

4

Sell your home at top dollar

Having a turn-key home makes the highest impact and appeals to the most buyers - making it highly competitive and desirable. On average, "Revived" homes sell 72% faster and at a higher amount.
