Process

1

Get a guaranteed offer from Revive

We'll work with your real estate agent to make an offer on your current home – and it's guaranteed. That's the price we'll pay for your current home as soon as you're ready to move.

3

We prepare your home for resale

Immediately, we will work with your agent to complete strategic renovations to prepare the home for the market and sell for maximum value

2

Sell and move on your schedule

Once you're ready, everything comes together in days. We buy your home for the offer you accepted, so you have the cash in hand to make your next move.

4

Maximize home value

If your home sells for more than we paid for it, we give you the additional cash minus selling costs and program fees.
