

Homeowners Love Revive

Maximizing the profit of your home sale

The process from the beginning was clear, we were told what renovations to do and the cost and what possibilities of a sale price would look like. We were most happy with how fast it was. Because of what happened with Revive, we are able to purchase a new home in Chicago and adopt... because of this!

Steve Neville
Homeowner, Nashville Seller

Working with Revive service providers was easy, pleasant, and amazing. I couldn't imagine an easier process as a homeowner. We didn't think about design or execution. Revive brought in experts to assist in maximizing the value of the home.

Pedro
Homeowner, Laguna Beach Seller

Revive made this process very easier for us. They engaged with the service provider and took care of everything in 4 weeks. After the renovation, we definitely saw the value and reached our goal to sell the home.

Anu & Mahash
Homeowner, Irvine Seller

Revive alongside my real-estate agent was able to help me decide, how much to spend on renovating my home and where to spend to maximize my returns.

Shain Mercer
Homeowner, Newport Beach Seller

As a realtor, I know my homes neighborhood extremely well. My home was nearly a turnkey, but I knew a small investment would make the world of a difference to the buyer market. With Revive, I was able to get the renovations done in a week, sell within two weeks, and saw a return of 300%!

Christine
Homeowner, Los Angeles Seller

We were trying to purchase our new home for 7 months with no luck. We were tired and frustrated with the process. Our realtor recommended Revive's Trade Up program which allowed us to become an all-cash buyer. We put an offer on our dream home, our submission was selected, and it actually saved us \$40,000 on the sale price. We had a 10-day escrow and everything unfolded in front of our eyes perfectly! Our family is grateful for Revive and this program!

Bert And Debbie
Homeowner, Orange County Buyer
