

Realtors Love Revive

Empowering agents to do more

When they put the flooring I noticed there were a few issues where it wasn't completely leveled. I called Revive, the next day they sent me photos and they had completely removed the flooring, laid a level surface, and reinstalled it. I was blown away. I sent screenshots to my team and said we are not working with anyone else but Revive

Using Revive made a huge impact in my client's life. She was stuck and frustrated that she may have to sell her home as-is and leave money on the table. By fronting the costs, we were able to maximize the sale price of the home and also front the capital for a down payment for her new home in Colorado. Amazing!

I had out-of-state homeowners, which a home that needed major renovations throughout the entire home. The project was way too big for me, especially while I'm managing multiple clients and growing my business. I brought Revive in, they helped with the design selections, referring an outstanding service provider, and covering all costs before we sold the home!

Partnering with Revive to launch Lipman Elevate has been really exciting for our team. The Lipman Group has always set out to provide the best possible service for our clients, and working with Revive enables us to continue to exceed expectations.

Revive is an awesome service to recommend to your sellers to maximize top dollar for their home hassle free. Their contractor Julio did a fantastic job, was neat and clean. I am a great support and advocate for Revive and so happy we have aligned ourselves with them. I would recommend them to all agents and sellers.

I love offering Revive as an option to my sellers. In the past, I've worked with several sellers who were either unable or unwilling to do the work that needs to be done to get their homes the maximum value. Since I've added Revive to my listing presentation, the response from sellers has been amazing.
