2025 aprilia rs 660

The 2025 Aprilia RS660 Factory is a high-performance motorcycle that boasts a racing pedigree and premium equipment. With hlins suspension excellence and a 105 hp twin-cylinder engine, it offers flawless performance on the track. The new model features a two-tone seat and striking livery, setting it apart from other models in its segment. It also boasts active electronic controls and winglets for aerodynamics.Aprilia RS660 Factory: The Ultimate Middleweight Sport BikeThe 2025 Aprilia RS 660 35kW is a lightweight motorcycle designed for riders with an A2 license. It features a 48-horsepower (35 kW) engine, adjustable front and rear suspension, and a range of advanced electronic features. The bike has a seat height of 822 mm, ground clearance of 120 mm, and a wet weight of 183 kg. Other notable features include full LED headlights, a 5-inch TFT display, ride-by-wire throttle, cornering ABS, and adjustable traction control.The updated 2025 Aprilia RS 660 sportsbike lineup features a face-lifted RS 660 with new winglets, increased power from the parallel-Twin engine, and enhanced electronic features. Additionally, the high-spec Factory version debuts with hlins suspension and other premium components.**Related Bikes**Compare specs of related bikes to make an informed decision* The Aprilia RS 660 is powered by a 659cc parallel-Twin engine producing 105 hp (up from 100 hp), making it Euro 5+ compliant.* New winglets have been added to the RS 660, featuring a large wing across the front end under the headlights and two smaller winglets on either side.**2025 Aprilia RS 660 Features**The updated RS 660 comes with backlit handlebar controls, a larger 5-inch TFT display, and a new launch control function. Returning features include adjustable and switchable traction control, adjustable and switchable wheelie control, cruise control, an up/down quickshifter, five ride modes, and cornering ABS.**2025 Aprilia RS 660 Factory**The high-spec Factory version of the RS 660 includes fully adjustable hlins suspension, a two-tone seat, and dedicated graphics in black and red. The RS 660 Factory has an MSRP of \$13,999.**Accessories**Available accessories for the RS 660 and RS 660 Factory include a passenger seat cowl, luggage, a GPS module, an SC-Project exhaust, premium billet aluminum components, and more.**Get More Information**Visit the Aprilia website for more information on the updated RS 660 lineup. Check out other new bikes in Rider's 2025 Motorcycle Buyers Guide Home Manufacturer ContactThe 2025 Aprilia RS660 Factory features a refreshed design with new winglets, inspired by the RS-GP MotoGP racer. The bike boasts an updated fairing and a large wing under the screen for improved stability. The engine has been tweaked, producing 103.6bhp, but still not enough to justify the addition of winglets for most riders. The Factory edition comes with upgraded hlins forks, an STX shock absorber, and new graphics, setting it apart from the standard bike. The bike also features a range of electronic aids, including launch control, cruise, and an up/down quickshifter, all controlled via backlit switchgear and a new 5in colour TFT dash.
