CFMOTO, a Chinese manufacturer of engines, motorcycles, and other vehicles, has made significant strides in the automotive industry. Established in 1989 by Lai Guoqiang, the company began producing high-quality products that catered to various markets worldwide. CFMOTO's diversification into the construction of yachts in 2013 further showcased its commitment to innovation. The company's partnership with KTM in 2011 marked a significant milestone in its history, enabling the production and sale of KTM motorcycles in China under the "KTM R2R" brand name. CFMOTO also assembles smaller displacement models on behalf of KTM in its Chinese factories. This collaboration has enabled CFMOTO to produce engines for KTM's larger displacement bikes. CFMOTO has been listed on the Shanghai Stock Exchange since 2017, with the code 603129. The company's annual production capacity is substantial, with over 800,000 engines and more than 600,000 vehicles distributed in over 100 countries through its extensive network of partners. In recent years, CFMOTO has made notable appearances in various motorcycle racing events, including the Moto3 World Championship. In 2022, the company's motorcycle made its debut in the championship, with riders Xavier Artigas and Carlos Tatay competing in the inaugural season. The team's progress continued in 2023 and 2024, with podium finishes at several events. CFMOTO's success extends beyond motorcycles to off-road racing, where its vehicles have performed exceptionally well. The company participated in the World Rally-Raid Championship for the first time in 2024, with Antanas Kanopkinas winning three stages in the Quad category during the Dakar Rally. CFMOTO's participation in this event demonstrates its commitment to competing at the highest levels of off-road racing. Overall, CFMOTO's growth and success can be attributed to its dedication to innovation, partnership building, and competition. The company continues to push boundaries in the automotive industry, solidifying its position as a major player in the global market.CFMoto's Product Lineup Expands with Multiple Models and Variants Across Various Categories. The company offers a range of motorcycles, including the 1250 TR-G CF1250J ZH5000DTJ-A, CF10500DJ-B, and CFORCE 110, among others. Their product lineup includes various models such as: * 700 CL-X Heritage * 700 CL-X Sport * 700 CL-X Adventure * 800 MT Touring (IBEX 800 T in USA) * UFORCE 600 * UFORCE 1000 XL Some of their notable products include: * CF1250J ZH5000DTJ-A * CF10500DJ-B * CFORCE 110 * CFORCE 400 AZ-3L * CFORCE 500 * CFORCE 600 Touring CF600AU-3L * CFORCE 800 XC * CFORCE 1000 Overland Additionally, they offer various models with different engine capacities and configurations. The company has expanded its product lineup in recent years, with multiple models and variants across various categories. In the past, they have collaborated with KTM on several projects.The CF500 5B 5C CFORCE-500 X5 EFI ATV Workshop Service Repair Manual is a comprehensive guide for repair and maintenance of the CFMOTO CF500 5B 5C CFORCE-500 X5 EFI ATV. It covers various aspects of the vehicle, including the engine, fuel supply system, air intake system, and suspension system. CFMOTO, founded in 1989, is a renowned manufacturer of motorcycles and off-road vehicles. With over 1 million users worldwide, CFMOTO aims to create a diverse and open powersports culture that welcomes riders of all experience levels. The company has established a robust market share in over 100 countries and regions, with more than 3000 dealers globally. CFMOTO's recent achievements include Antanas Kanopkinas setting a new world record for the longest distance covered on a quad bike in 24 hours during the CFMOTO Baltics Day 2025 endurance challenge. The company also introduced the all-new 750SR-S, which boasts an aggressive design and a powerful inline four-cylinder engine. In addition to its manufacturing endeavors, CFMOTO is committed to supporting and guiding the next generation of riders through the CFMOTO Talent Project. This initiative aims to create a safe, motivating, and growth-oriented environment for young riders to develop their skills and passion for powersports. The CFMOTO Aspar Team is on fire, providing a platform for young riders to flourish as both athletes and individuals. In partnership with KSB Academy, this team is dedicated to helping the next generation of motorsport talent succeed in the long run. With three events planned this year, the journey has already begun, featuring expert coaches from KSB sharing their expertise and vision with promising young riders. A perfect blend of passion, discipline, and ambition drives this project forward, serving as a springboard for the future of motorsport. The team's experience and determination are evident, as both Daniel Holgado and Dennis Foggia secured impressive results at the DutchGP, with Holgado finishing in 10th place and Foggia taking 8th in Moto3. The ItalianGP brought another outstanding performance from the CFMOTO Aspar Team, with Máximo Quiles claiming his first-ever Grand Prix victory. This historic moment showcases the team's commitment to pushing forward with passion and power, as they strive for even greater goals at their next destination.
