Z-FORCE
Z10 & Z10-4

What to Expect

In the world of off-road adventures, a group of thrill-seekers constantly push their limits. The ZFORCE Z10 and Z10-4 are their partners in conquering challenging terrains. They believe that the tougher the journey, the greater the thrill.

For off-road enthusiasts, untamed trails are where passion meets adrenaline. The steepest climbs and roughest dunes are opportunities to test limits and create lasting memories. Off-roading is a lifestyle, a bond between rider and machine.

The ZFORCE Z10 and Z10-4 are crafted with precision for rugged landscapes. They are engineered for those who seek the toughest trails and the wildest adventures, aligning with the desires of a community driven by thrill.

Z10 and Z10-4

Equipped with industry-leading specifications

- All-new turbocharged triple-cylinder engine
- OMNiDRIVE™ CVT
- Fox QSE shocks with 3 adjustable suspension modes (soft, medium, firm)
- 12.3-inch MMI touchscreen with integrated Apple CarPlay
- Backup camera
- Electronic throttle with 3 ride modes (comfort/trail/sport)
- LED headlights/taillights/backup lights
- Multi-function steering wheel
- Electronic power steering with 4 modes (Auto/Low/Mid/High)
- HDPE skid plate and aluminum bash plate
- 30-inch tires, 14-inch aluminum wheels
- NFC key
- Half doors
- 4500 lb. winch with synthetic rope

ZFORCE

Turbocharged Triple-cylinder Engine

The all-new 998cc triple-cylinder turbocharged engine delivers an exhilarating 143 hp at 7750 rpm. This 4-stroke, liquid-cooled powerhouse features a dual overhead cam and churns out an impressive 136 Nm of torque at 7000 rpm.

Offering three ride modes—Comfort for a smooth ride, Trail for off-road control, and Sport for aggressive performance—to suit different riding styles and conditions.

OMNiDRiVE™ CVT

Increased Center Distance: The center distance between the primary and secondary pulleys has been increased from 225mm to 275mm, expanding the CVT's speed range.

Structural Upgrade: The CVT structure has evolved from a centrifugal sliding block to a more efficient rocker fling block design, enhancing transmission performance.

Air Intake Optimization: The CVT's air intake system has been optimized to reduce internal temperatures, further prolonging the belt's life and improving overall performance.

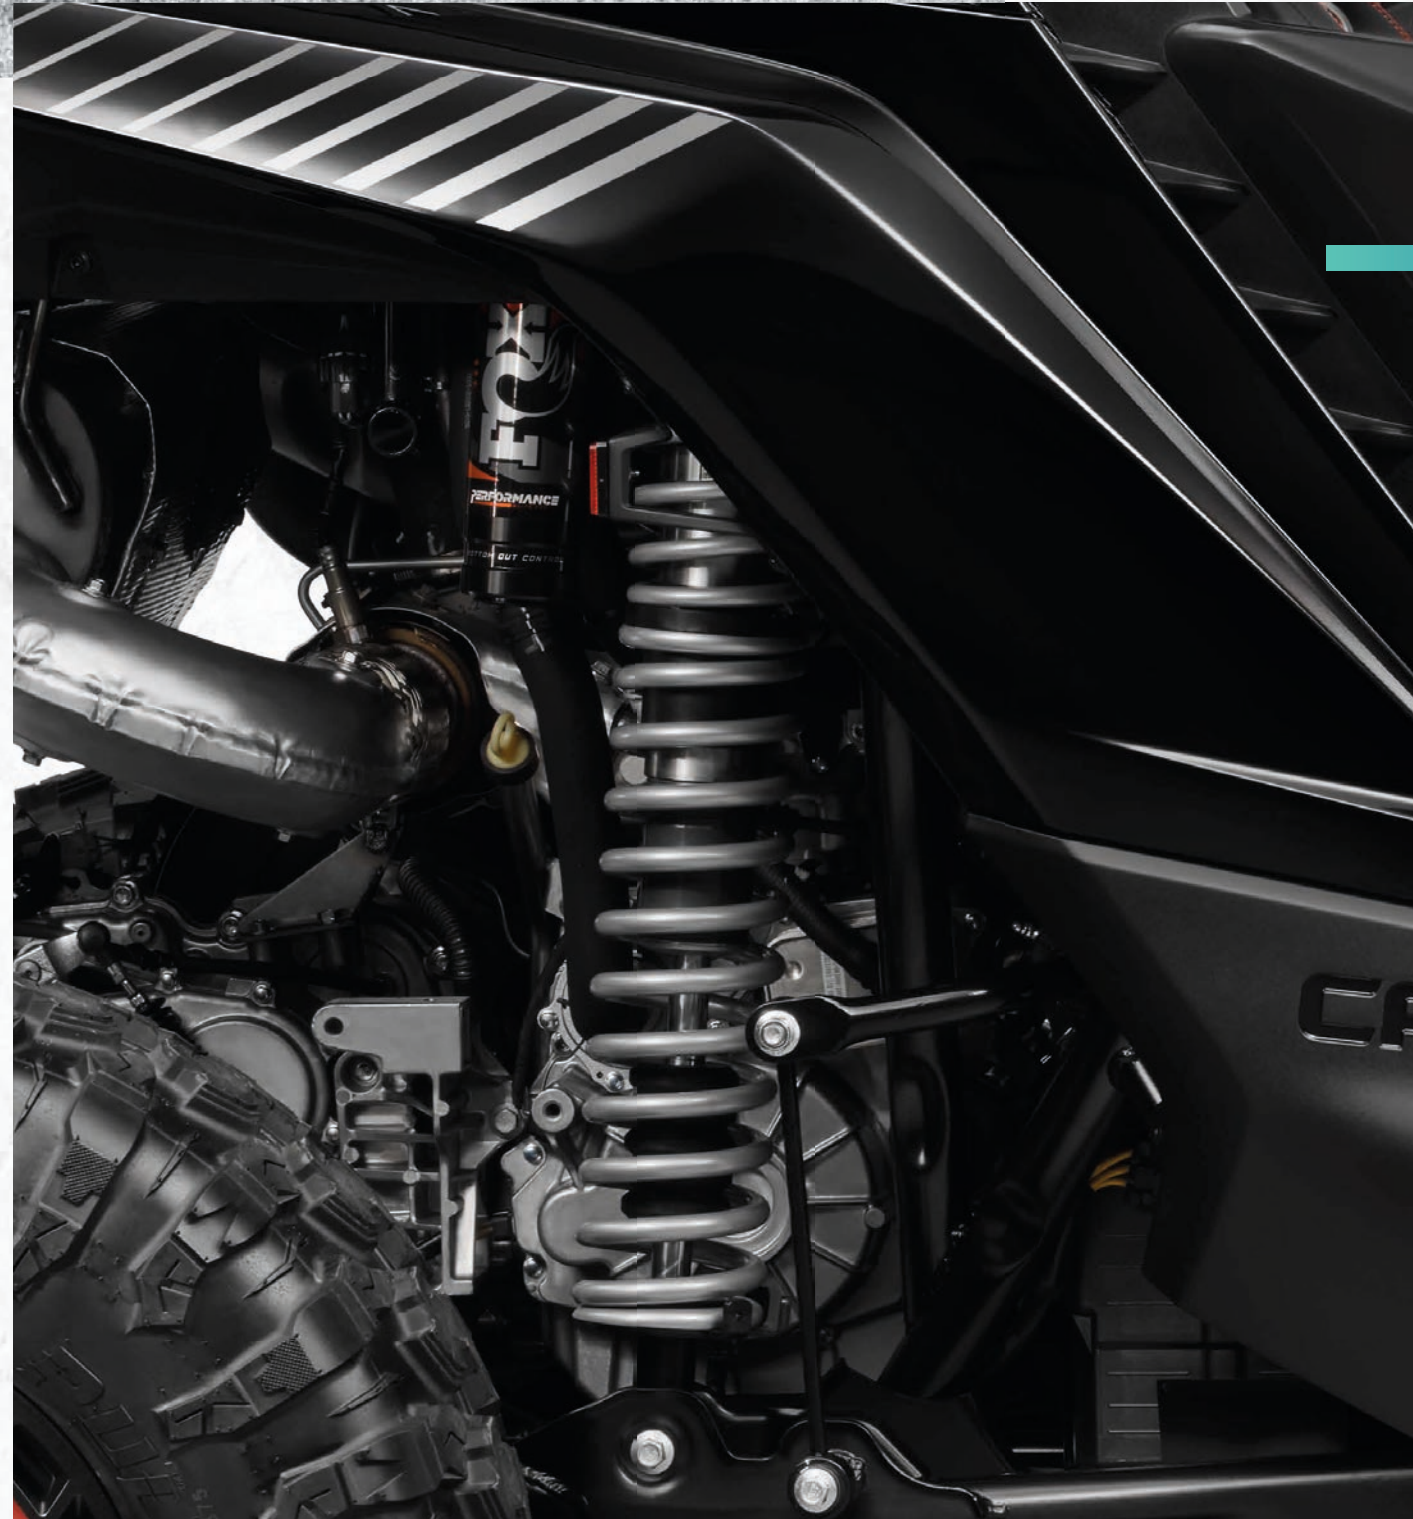

FOX® QSE Shocks

Superior Suspension Performance: Fox shocks deliver unmatched damping control, allowing Z10/Z10-4 to glide smoothly over rough and uneven terrain while maintaining precise handling and control.

Built for Extreme Durability: Engineered with premium materials, Fox shocks provide unbeatable durability and reliability, ensuring Z10/Z10-4 is prepared to conquer the most extreme off-road terrains.

Tailored Ride Experience: Drivers can choose between Soft, Medium, or Firm settings, with adjustments available via button controls or through the MMI touchscreen interface. This allows for precise suspension tuning tailored to any terrain, ensuring a customizable, comfortable ride and optimized performance for every trip. 'Soft' for the comfort cruise, 'Medium' for the trail, and 'Firm' for the hardcore off-road action. Feel the difference with every bump you crush.

Electronic Power Steering

Experience unparalleled control with our Electronic Power Steering featuring 4 Customizable Modes: Low, Mid, High, and Auto. Conquer diverse landscapes with our ultra-responsive steering system. Navigating tight trails or cruising across open terrains, effortlessly switch between modes to master the art of steering with precision and confidence.

Exterior

The exterior design is daring and cutting-edge, yet it pays great attention to detail.

CFMOTO SSV Family Design Front Grill and Signal Lights
Exclusively Designed Front Doors
Bold Color Palette, Distinctive Use of Vibrant Components
Aluminum Fuel Tank Cap
Aluminum Winch Guards
New Wheel Rim Design
Quick-Access Half Doors
New Side Bumper

Interior

The interior design is inspired by supercars.

Automotive-grade interiors, door panels and seats
Innovative two and four-wheel Drive switches,
lighting controls.

Multi-function Steering Wheel

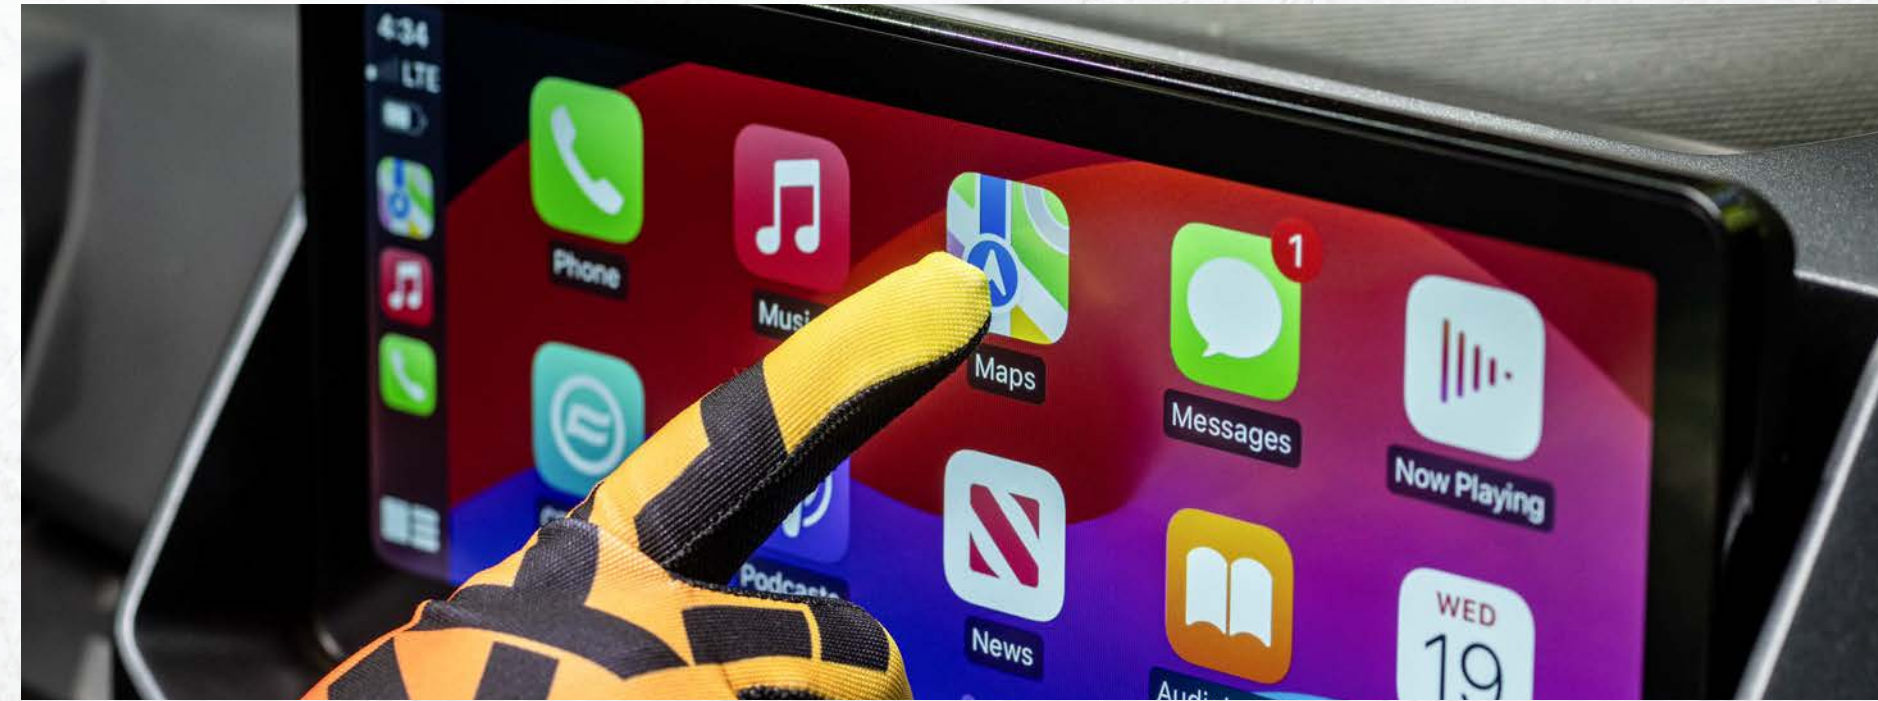

The innovative multi-function steering wheel brings control to the fingertips, complete with a vehicle start button. Settings can be seamlessly adjusted, volume effortlessly increased, and command of the vehicle maintained without ever needing to release the grip.

Z10 And
Z10-4

12.3" Touch Screen Display with Backup Camera

Stay focused on the road ahead with the 12.3" touchscreen display, which includes a backup camera for added confidence when reversing. The integration of Apple CarPlay enhances the driving experience, infusing it with intelligence and enjoyment like never before.

Front Bumper Assembly

Accessory Code: 5DYV-801100-1000

- Steel Tube diameter 45mm & wall thickness 2mm
- Durable, E-coated with black powder coat
- Provides headlight protection and front protection of vehicle
- Perfectly fits on Z10, Z10-4
- Easy to install
- Works with winch system

Rear Bumper Assembly

5DYV-801200-1001

- Steel Tube diameter 45mm & wall thickness 2mm
- Durable, E-coated with black powder coat
- Provides rear protection of vehicle
- Perfectly fits on Z10, Z10-4
- Easy to install

Nerf Bars Assembly – 2 seater

Accessory Code: 5DYV-801300-1000

Nerf Bars Assembly – 4 seater

Accessory Code: 5CYV-801300-1000

- Steel Tube diameter 38mm & wall thickness 2mm
- Durable, E-coated with black powder coat
- Provides side protection of vehicle
- Perfectly fits on Z10, Z10-4, Easy to install

Spare Tire Carrier Assembly

Accessory Code: 5DYV-802200-1002

- Includes one (1) Pivoting Spare Tire Carrier
- Secure mounting with single handed release hook with dual latches
- Steel mounts and rack
- Holds a maximum tire size of 32" and can support 45 lbs (20kgs) of weight
- Perfectly fits on Z10, Z10-4

HDPE Skid Plate Assembly – 2 seater

Accessory Code: 5DYV-804100-1001

HDPE Skid Plate Assembly – 4 seater

Accessory Code: 5CYV-804100-1001

- Made of high density polyethylene HDPE (thickness 8mm)
- Ultimate durability
- Offering great protection in rough terrain
- Perfectly fits on Z10, Z10-4,

Side Mirrors Assembly

Accessory Code: 5DYV-805400-1000

- Big mirror area
- Aluminum mounting brackets
- Easy to install
- * it is mounted on lower doors for Z10, Z10-4

Roof Rack Assembly – 2 seater

Accessory Code: 5DYV-802100-1000

Roof Rack Assembly – 4 seater

Accessory Code: 5CYV-802100-1000

- Steel Tube diameter 32mm & wall thickness 1mm
- Durable, E-coated with black powder coat
- Mounts to roof of vehicle, add vehicle's load carrying capacity
- Weight Capacity up to 100 lbs. (45kgs)
- Perfectly fits on Z10, Z10-4, Easy to install

HDPE A-Arm Protector Assembly

Accessory Code: 5DYV-804200-1000

Accessory Code: 5FYV-804200-1000

- Made of high density polyethylene HDPE (thickness 8mm)
- Ultimate durability
- Offering great protection for front A-arms
- Perfectly fits on Z10, Z10-4
