

Accessibility Statement

Ride Health is committed to making its electronic and information technologies accessible to individuals of all levels of need by meeting or exceeding the requirements of Section 508 of the Rehabilitation Act. We do internal monitoring with the goal of meeting Web Content Accessibility Guidelines (WCAG) 2.0 Level AA Standards. As new solutions are discovered to improve the user experience, remediation is tracked and fixes are implemented to improve the website user experience.

Ride Health also ensures that all provided transportation is compliant with the Americans With Disabilities Act (ADA) so that patients and caregivers who have wheelchair-accessible requests and other specialized needs can enjoy an inclusive, convenient and patient-centered experience.
