

2025 RTIH AWARD

WINNER

BRICK AND MORTAR INNOVATION

Retail-AI has pioneered the world's first privacy first anti-theft system combining audio technology with AI to modify behaviour rather than criminalise individuals.

WELCOME TO THE

RTIH Innovation Awards 25

REtail
Promoting Sales | Protecting Business

Module 10.2

Stop theft before it happens.

Our AI-powered shoplifting detection system uses real-time video analytics to monitor suspicious behaviour

- Alert staff instantly
