I believe that the drawings in this book are even cuter! Each page includes a scenic background. What I love about the books in this series is that they are simple drawings, not overly intricate like a lot of the other adult coloring books out there. I have only colored a few pages in this book so far, but I'm sure that I'll end up finishing the whole book once again!

Are you a fashionista, do you like to color fashionistas or do you just love fashion? Then you should put your creativity to use and prepare the wanderlust girls in this book for a fashion show. Vivid colors, great illustrations and imagination are all you need to keep calm and relaxed! Each picture is printed on its own 8.5 x 11 inch page so no need to worry about smudging.
