

MINIPOWER12P

High efficiency and low consumption stabilized switching-mode power supplies with fully shielded metal container to prevent any type of interference. Available with 12 or 24VDC output voltage

		MINIPOWER12P
Code		270021
Output no.		1
Output voltage	(Vac,Hz)	12
Max current	(mA)	200
Band	MHz	5-862
Plug type		B type
Insertion loss	(dB)	0.5
Pieces		1
Dimensions	mm	42 x 56 x 38
