

RefrigiWear®

The ANSI classification of a garment is determined by:  
The amount of background material (HiVis Orange or Lime)  
plus the amount of reflective material and its placement.

## HIGH-VISIBILITY

RefrigiWear® offers a wide range of high-visibility (HiVis) garments as well as handwear, footwear and headwear with HiVis accents because we know that absolutely nothing comes before the safety of your workforce. Many stock garments can also be customized to include reflective tape. Please contact our Customer Service Team for customized garment requests at 800.645.3744.

HIVIS EXTREME SOFTSHELL JACKET | PAGE 4  
HIVIS EXTREME SOFTSHELL BIB OVERALLS | PAGE 4

## ANSI STANDARDS

The American National Standards Institute (ANSI) sets different safety standards that are enforced by OSHA. Different jobs require different minimum standards to be safe.

### TYPES

There are three types of ANSI HiVis gear:

Type O – Off-Road

Type R – Roadway

Type P – Public Safety

Each type offers specific features to meet the safety concerns of different jobs.

### CLASSES

There are four classes of ANSI gear:

Class 1 Class 2 Class 3

Class E (supplemental)

Each Class increases the amount of HiVis material and reflective tape that the garment has. Class E are pants or bib overalls that can be added to an outfit to raise the Class rating.

## CSA CERTIFIED

To be **CSA certified**, the garment needs to have an X shape for the reflective tape on the back to indicate which direction the wearer is facing.

## HIGH-VISIBILITY EMBROIDERY EMBLEMS

Add a professional look to your HiVis safety gear with RefrigiWear's® HiVis emblems. These patches can be used to add names, logos and more to your HiVis garments without compromising safety. An alternative to direct embroidery, which can cover reflective tape, emblems allow any area of the garment to be customized.

## OFFERED IN REFLECTIVE SILVER, HIVIS LIME AND HIVIS ORANGE.

Reflective Silver patches can be placed over tape without reducing reflectivity requirements. Border thread matching ensures a polished, professional look for the emblems. Letters can be embroidered in a range of colors.

### ADD REFLECTIVE TAPE

3M® Scotchlite® Reflective Tape can be added to any RefrigiWear® stock garment on front, back, sleeves or trousers.

### IRON-TUFF® HIVIS FABRIC

All RefrigiWear® Iron-Tuff® styles can be customized in HiVis Orange and HiVis Lime fabric.

IRON-TUFF® HIVIS  
LIME FABRIC

IRON-TUFF® HIVIS  
ORANGE FABRIC

For areas where your workers need to be seen but do not require ANSI-compliant garments.

## HIGH-VISIBILITY

### STAY SEEN AND STAY SAFE

When your job combines extreme low temps with low visibility, you need the added safety of HiVis that protects down to -50°F and -60°F. Our Extreme and Iron-Tuff® HiVis are ANSI certified and ready to work, with durability and visibility for the toughest jobs. Don't let hard work go unseen.

## CUT RESISTANT

We offer several cut-resistant gloves so you can safely use knives, box cutters and more. Cut-resistance level, rated A1 through A9, is determined by how much weight is required for a straight blade to cut through the material.

The more weight it takes, the higher the rating.

HIVIS THERMAL ERGO CUT RESISTANT

**1000-1499 grams to cut**  
**Light/medium cut hazards:**  
Assembly, packaging and general warehouse.

**1500-2199 grams to cut**  
**Medium cut hazards:**  
Canning, food preparation and general warehouse.

**2200-2999 grams to cut**  
**Medium/heavy cut hazards:**  
Metal fabrication, heavy food preparation and processing, heavy-use warehouse/packaging.

**3000-3999 grams to cut**  
**High cut hazards:**  
Metal stamping/recycling, pulp & paper (changing slitter blades), glass manufacturing, recycling plant/sorting, food & meat processing.

Pre-curved, ergonomic fit

**0408**

**DUAL-LAYER HIVIS ERGO**

- Dual-layer: HiVis outershell plus built-in liner for extra warmth
- 15-gauge polyester shell
- Foam nitrile smooth finish coating
- 7-Gauge heavy brushed acrylic liner
- Double nitrile sandy finish palm coating
- Pre-curved, ergonomic fit

## 029SG BOXER SAFETY GLASSES

- Meets ANSI Z87.1, EN166, and CSA standards
- Fully adjustable, extendable earpieces
- Anti-fog, scratch-resistant coating on lenses
- Durable, lightweight polycarbonate lenses
- Molded sideshields allow peripheral vision
- Comfortable neoprene nose piece

# TO FIND YOUR PERFECT REFRIGIWEAR® FIT, TAKE ALL MEASUREMENTS OVER THE CLOTHES YOU WILL BE WEARING.

- For help finding your size, view our full sizing chart online at [refrigiwear.com/customer-service/sizing-chart](http://refrigiwear.com/customer-service/sizing-chart)
- RefrigiWear® garments should fit loosely.
- If your size is borderline, choose the larger size.
- Sizing chart is based on Regulars [5'7"-6"].
- Tall sizes are approximately 2" longer in sleeves, inseam and torso [6'1"-6'5"]. Tall is not available in size small.
- Short sizes are approximately 2" shorter in sleeves, inseam and torso [5'5"-6"].
- **Custom Sizes Are Available!** Contact Customer Service for assistance at 800-645-3744.

## HOW TO TAKE YOUR MEASUREMENTS

### MEASURE OVER CLOTHING TO BE WORN.

#### CHEST

Measure around fullest part of chest or bust, underarms, and around shoulder blades. Keep tape straight and level.

#### WAIST

Measure around natural waistline below last rib and above hip bones. Don't hold your breath.

#### TORSO

Measure from the top of the collar to the crotch seam.

#### SLEEVE LENGTH

Extend your arm straight out to the side. Measure from the center of the back to the wrist. For best comfort, round up to find total inches.

#### INSEAM

Measure from base of crotch seam to top of shoe to be worn.

MEN'S SIZES	XS	S	M	L	XL	2XL	3XL	4XL	5XL

## RETURNS, REPAIRS & LAUNDRY

### RETURNS

To return any product, call our Customer Service Team at 800-645-3744. To read more about our return process, visit [refrigiwear.com/returns](https://refrigiwear.com/returns)

### REPAIRS

Nothing is more frustrating than an issue with your favorite gear. That is why we offer in-house repair services to get your gear back in action. Please allow two weeks (not including shipping) for your repair to be completed.

Please contact Customer Service at **800.645.3744** or email [keepmewarm@refrigiwear.com](mailto:keepmewarm@refrigiwear.com) to process your repair. You will be given an RMA number and form to use for shipping. The RMA number and form (showing bar code) **MUST** be attached to the outside of the box for your repair to be processed. Boxes without RMA form attached will not be processed.

### LAUNDRY

Have a big pile of dirty protective gear and nowhere to wash it? Let us handle it for you! RefrigiWear® offers laundering services for garments. Cleaning services usually take 3 days, not including shipping time.

## EMBROIDERY FOR YOUR BUSINESS

RefrigiWear has an in-house team at our Dahlonega, GA location to help you customize any of your RefrigiWear products. We offer direct embroidery, patches and heat transfer. Best of all, we deliver high-quality products because we control every stage of the process. Here are some reasons embroidery may be great for your business.

### MAKE YOUR IMPRESSION COUNT

A company logo on apparel adds professionalism and helps reinforce your brand with customers. Transform a shirt or hat from a piece of clothing into a uniform with the addition of your logo or a name and create a lasting, professional impression with customers.

### CREATE ADVERTISING WITH EVERY EMPLOYEE

Your company is always on display when your drivers have your logo on their jackets, hats or shirts, promoting your company to everyone they meet.

### USE IT ON MULTIPLE PRODUCTS

With options like direct embroidery, heat transfer or embroidered patches, you can display your logo on an entire uniform, from jackets and shirts to knit caps, ball caps, rain jackets and other items.

### ADD A SENSE OF TEAM UNITY

Whether in sports or business, a team's apparel helps feel like part of the group. The moment they are given a jacket or hat with logo, employees shift from a "them" to "us" mindset, generating more fraternity and team-building potential.

### MAKE OUR PRODUCTS YOUR OWN

Make our products your own when you add a logo, name, department, title or other type of embroidery to them. The possibilities are endless! You can truly create custom uniforms with our in-house services.

With our embroidery, screen printing, patch and woven emblem technology, you can add logos, names and numbers to multiple locations on almost every RefrigiWear® garment. We control the entire embroidery process—from digitizing all the way through packaging—to ensure superior quality and timeliness of your order. Depending on the garment, you can apply embroidery to right or left chest, right or left sleeve, back and leg.

## DIRECT EMBROIDERY

**COMPANY LOGOS | JOB TITLES | NAMES | NUMBERS | SPECIAL EVENTS OR AWARDS**

Direct embroidery provides a premium appearance and the most professional look. This is our most requested option. With Pantone® color matching, there are thousands of colors to choose so your embroidery will match your logo and brand exactly.

Direct embroidery remains intact for the life of the garment, and threads are color-fast for a significant length of time with typical wash and wear.

## HEAT TRANSFERS

Heat transfers impact only the exterior of the garment and allows you to use intricate, picture quality images.

- Low cost alternative to embroidery
- Great for large graphics on back of garments
- Must be a minimum order of 50 units
- Allow 7-10 days for production

## SELF-PATCH EMBLEM

Self-patch utilizes a swatch of the same material as your garment for an embroidering patch. This ensures a match to your garment, but it can still be easily removed and replaced.

## WOVEN EMBLEM

Woven designs give you greater flexibility on a patch that is sewn onto the garment.

It also makes replacement easy. Woven Label Emblems are manufactured using high-speed automatic weaving looms. Unlike embroidered emblems which are produced on twill materials, the interlaced weaving process creates the entire emblem and design at the same time, in two or more colors.
