

MS-280 Premium Pure Oil Aroma Refill

Issue Date	: 20/09/2023
Revision Date	:
Revision No	: 00

Section 1. Identification

Product identifier	MS-280 Premium Pure Oil Aroma Refill
Product Use	Fragrances
Supplier	HOSPECO PTY LTD
Address	17 Elizabeth St. Wetherill Park NSW 2164
Telephone	1300 46 77 32
Emergency Number	1800 638 556

Section 2 – Hazard identification

GHS classification	Product is non-hazardous according to the Globally Harmonized System of classification and labeling of chemicals, including Workplace Safety and Health Act, Taiwan.
Label elements	
Signal word	None
Hazard statements	None
Precautionary statements	None
Pictograms	None
Other hazards	
Other hazards	None

Section 3 – Composition/information on ingredients

Mixture	A multi-component mixture of natural and/or synthetic aroma materials. The specific identity of individual components of this mixture if proprietary information and is regarded to be a trade secret.
----------------	--

Section 4 – First-aid measures

Emergency and First Aid Procedures:

General advise	Move out of dangerous area. Show this safety data sheet to the doctor in attendance. Symptoms of poisoning may appear several hours later. Do not leave the victim unattended.
Contact with skin	If on skin, rinse well with water. If on clothes, remove clothes. If skin irritation persists, call a physician.
Contact with eyes	Flush immediately with water for at least 10 minutes. Contact physician if symptoms persist.
Swallowing	Rinse mouth with waters. In severe cases seek medical attention and show the safety data sheet.
Inhalation	Move to fresh air and keep at rest to recover. No damage to health is expected.
Ingestion	Get medical treatment.

Section 5 – Fire fighting Measures

Extinguishing media	Dry chemical, Alcohol-resistant foam, Carbon dioxide (CO ₂). Use fire extinguishing media appropriate to surrounding environment
Extinguishers not to be used	DO NOT USE WATER EXTINGUISHERS.
Special hazard arising	This product is non-combustible
Additional information	Contaminated fire extinguishing water must be collected separately; it must not enter sewerage system.

Section 6 – Accidental release measures

Personal	Avoid inhalation and contact with skin and eyes. Use personal protective equipment.
Environmental	Remove naked flames and possible sources of ignition. Do not smoke. Keep away from drains, surface and ground water, and soil. Spillages should be contained immediately by use of sand or inert powder and disposed of according to local regulations.

Procedures for clean-up Remove to disposal container

Section 7 – Handling and storage

Precautions for safe handling

Keep away from heat, sparks, open flames and hot surfaces. - No smoking. Do not eat, drink or smoke when using this product. Do not spray on a naked flame or any incandescent material. Use personal protective equipment as required. Use in accordance with good manufacturing and industrial hygiene practices. Use in areas with adequate ventilation. Avoid certain plastic and uncoated metal containers.

Conditions for safe storage, including any incompatibilities

Store in a well-ventilated place. Keep container tightly closed. Keep cool. Ground/bond container and receiving equipment. Use explosion-proof electrical, ventilating and lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge.

Specific end use(s) Fragrances: Use in accordance with good manufacturing and industrial hygiene practices

Section 8 – Exposure control/personal protection

Occupational exposure limit values	Not determined
Biological limit values	No information available
Engineering controls	No special requirement
Respiratory protection	Required where ventilation is insufficient or exposure is prolonged.
Eye protection	Avoid contact. Wear safety glasses.
Hand protection	Avoid contact. Use chemically resistant gloves as needed.
Skin protection	Not required under normal use conditions

Section 9 – Physical and chemical properties

Appearance	Free flowing liquid without sediment
Odour	Characteristic
Odour threshold	Not determined
Vapour pressure	0,1419 hPa at 20°C Calculated (99.8%)
Density	940,97 kg/m ³ at 20°C
Flash Point, °C	82
Solubility in water	Not determined
Melting/freezing point	Not determined
Initial boiling point/range	Not determined
Specific gravity	0.95 ± 0.01g/cm ³
pH	Not determined
Vapor pressure	Not determined
Vapor density	Not determined
Evaporation rate	Not determined
Viscosity	Not determined
Auto-Ignition temp.	Not determined
Flammable (solid, gas)	Not determined
Upper/lower flammability or explosive limits	Product does not present an explosion hazard

Section 10 – Stability and reactivity

Reactivity/incompatibility	Presents no significant reactivity hazard, by itself or in contact with water
Chemicals stability	Stable under normal conditions
Possibility of hazardous reactions	Not expected under normal conditions of use
Conditions to avoid	Extreme heat and open flame
Substances to avoid	None in particular
Hazardous decomposition	Will not occur

Section 11 – Toxicological information

This mixture has not been tested as a whole for health effects. The health effects have been calculated using the methods outlined in UN GHS. This material does not meet the criteria for classification for health hazards under UN GHS

Effect on humans	No toxicity data available
Inhalation	Not considered as irritant through normal use conditions
Ingestion	May cause discomfort if swallowed

Skin	Not considered as hazardous on skin
Eye contact	May cause discomfort if contacted
Respiratory sensitization	Not expected to be a respiratory sensitizer
Skin sensitization	Not regarded as a skin sensitizer
Germ cell mutagenicity	Not regarded as a mutagenic hazard
Carcinogenicity	Not regarded as a carcinogenic hazard
STOT-single exposure	No toxicity data available
STOT-repeated exposure	No toxicity data available
Aspiration hazard	Not expected to be a hazard

Section 12 – Ecological information

The information given is based on data available on the components and similar products.

Eco-toxicity	Not available
Persistence and degradability	Not available
Bio accumulative potential	Not available
Mobility in soil	Not available
Other adverse effects	Not available

Section 13 – Disposal considerations

Dispose in accordance with local regulations.

No specific disposal method is required. If practical, recover and recycle or reclaim.

Section 14 – Transportation information

Road transport notes	Not classified
Rail transport notes	Not classified
Sea transport notes	Not classified
Air transport notes	Not classified

No special requirement. Not classified as Dangerous Goods.

Section 15 – Regulatory information

Related Regulations

Classification is according to the Specification for Hazardous communication for chemicals and dangerous goods – Taiwan Standard CNS 15030 -Globally Harmonised System of Classification and Labelling of Chemicals – Taiwan’s adaptation.

MOM –The Workplace Safety and Health Act, the Workplace Safety and Health (General Provisions)

Regulations. NEA – Environmental Protection and Management Act, Regulations.

Section 16 – Other Information

Disclaimer: The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. It is the user’s responsibility to determine the safe conditions of use.
